HJC MOTORSPORTS
COLLECTION

Keeping the drive alive

Since 1971, HJC has specialized in manufacturing motorcycle helmets exclusively. The combination of this extensive specialized manufacturing experience, innovative ideas, and reasonable pricing resulted in HJC's success in worldwide markets. It is HJC's continual goal to provide high quality, comfortable, and reasonably priced helmets to car racers and motorcyclists throughout the world.

HJC has succeeded in maintaining the status as the #1 helmet motorcycle brand in North America since 1992. With this great asset, HJC has expanded its line to the automobile helmet industry. HJC maintains more than 40 years of experience in helmet manufacturing and providing products devoted to quality and innovation. Leading the industry in engineering evolution and the embodiment of advanced technology auto racing helmets is the HJC Motorsports line, the AR-10 II, the Si-12, the Fi-10, and the HX-10 II.

H10

H10 CARBON

The new H10 Carbon is the ideal helmet for multi forms of racing. This helmet has been updated with a new twill carbon weave, improved fire resistant moisture-wicking comfort interior and advanced ventilation system that will keep you comfortable and cool. The H10 Carbon also provides you with an extended eyepoint view for maximum visibility, and is even eyewear friendly. Upgrade your driving experience with the all new H10 Carbon.

SIZE: XS-2XL

Features

H70

Whether you're navigating the sand dunes of Baja or on the bank turns of the Nürburgring, HJC Motorsports has you covered with the release of its most versatile helmet to date: The all-new H70. Designed with a simplistic approach, the H70 can accommodate nearly any driving condition with the help of a few key attachments already included in the box—a rear spoiler for open-cockpit driving and a top forced-air kit for vehicles outfitted with filtered air systems. Complete with factory installed M6 terminals for your favorite head and neck restraint, you're ready to take on your favorite track anywhere in the world.
