

STIFFLERS
MANUFACTURING

CAPABILITY STATEMENT

Stiffeners Manufacturing specializes in industrial and commercial contract manufacturing for a wide range of industries. Located just outside of Indianapolis in Mooresville, IN, our core competencies are laser cutting, sheet/plate forming, CNC tube forming, fabrication and finishing services utilizing carbon steel, stainless steel, and aluminum. Outstanding customer service and quality products separate us from the competition.

GENERAL INFORMATION

Registered Name: Innovative Performance Technologies
DBA: Stiffeners Manufacturing
Year Incorporated: January 1, 2010
State of Incorporation: Indiana
Corporation Type: LLC

NAICS CODES

NAICS 332322: Sheet Metal Work Manufacturing
NAICS 332710: Machine Shops
NAICS 332999: All Other Misc. Fabricated Metal Product Manufacturing
NAICS 541330: Engineering Services

CORE COMPETENCIES

- Sheet Metal Fabrication
- Metal Fabrication
- Custom Fabrication
- Contract Fabrication
- Certified Welding
- TIG Welding
- MIG Welding
- Machining
- Laser Cutting
- Punching
- Sawing
- Brake Forming
- Roll Forming
- Powder Coating
- Engineering Services
- Private Label Manufacturing

INDUSTRIES SERVED

- Heavy Construction
- Agriculture
- Automated Packaging
- Electrical
- Automotive Aftermarket
- Logistics/Distribution
- Warehousing
- Flow Control
- Waste Management
- Plastics

CAPABILITIES

Sheet Metal Fabrication

- Laser Cutting
- Press Brake Forming
- Roll Forming
- Tube Bending & Cutting
- Custom Machining Services

Welding

- TIG Welding
- MIG Welding

Finishing & Coating

- Powder Coating
- Media Blasting
- Plating
- Hardware Insertion

OUR DIFFERENCE

Customer Service - It's not what we have that separates us from the competition, it's how we do it, and that starts with great customer service.

Industry Leading On-Time Delivery - Our on-time delivery helps set us apart from the competition.

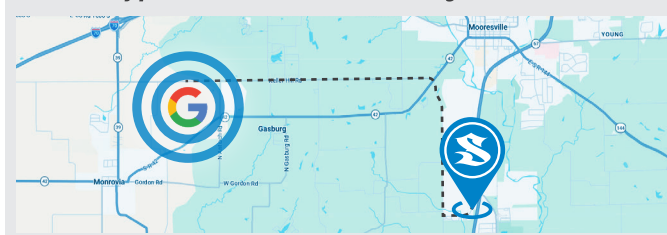

Flexible Lead Times - We understand that lead times can make or break a particular project. Our short lead times may surprise you.

High Quality Work - Our name and reputation were built on quality. Don't settle for less!

Competitive Pricing - With ever-changing raw material costs, we always strive to maintain competitive pricing.

Manufacturing Problem Solving - We can assist in solving manufacturing hurdles that your project may encounter.

Conveniently positioned 10 minutes from the Google Data Center build site.

1511 Hancel Parkway, Mooresville, IN 46158
