WHO WE ARE

Stiffers Manufacturing specializes in industrial & commercial contract manufacturing for a wide range of industries. Located just outside of Indianapolis in Mooresville, IN, we specialize in laser cutting, sheet/plate forming, CNC tube forming, fabrication and finishing services utilizing carbon steel, stainless steel and aluminum.

Outstanding customer service separates us from the competition. Our primary focus will always be on you, the customer. By thoroughly understanding your project requirements, coupled with industry leading on-time delivery, competitive pricing and flexible lead times, we can deliver when others cannot.

Let us quote your job and see how Stiffers Manufacturing is committed to being a top-tier manufacturing resource for your company. **Contact us today!**

OUR EXPERTISE

- Laser Cutting
- Metal Forming
- CNC Tube Forming
- Manufacturing/Design Assistance
- Metal Turning
- Welding/Fabrication
- Finishing Services

OUR DIFFERENCE

- **Industry Leading On-Time Delivery**
Our on-time delivery helps set us apart from the competition.
- **Competitive Pricing**
With ever-changing raw material costs, we always strive to maintain competitive pricing.
- **Flexible Lead Times**
We understand that lead times can make or break a particular project. Our short lead times may surprise you.
- **High Quality Work**
Our name and reputation were built on quality. Don't settle for less!
- **Manufacturing Problem Solving**
We can assist in solving manufacturing hurdles that your project may encounter.
- **Customer Service**
It's not what we have that separates us from the competition, it's how we do it, and that starts with great customer service.
