ABOUT THE COLLECTION

The all-new 'FIERCE' Collection by Racechick was designed and developed specifically for the female form, while combining movement and performance into a great value suit built to the highest quality standards.

Our mission to empower and encourage women in motorsports starts with our entry level SFI 3.2A/1 women's fire suit. We aimed to provide a low cost of entry for women getting started in racing, without the intimidation factor of having to spend a lot of money on a custom suit or having to wear a men's. We have something for all racing disciplines and our quality and protection continue with our SFI 3.2A/5 suits for the more experienced driver.

The 'FIERCE' Collection is made to coordinate with our other items, such as our women's race shoes and women's race gloves.

IT'S NOT YOUR BOYFRIEND'S RACE SUIT.
