KC7^{CMR} CARBON

\$1,029.95 USD

6 3/4 (54) - 7 3/8 (59) | CARBON | SNELL-FIA CMR-2016

Bell Racing is proud to introduce the KC7 CMR Carbon, the first ultra-lightweight carbon youth karting helmet on the market. Based on the HP7, this sleek, aerodynamic design features an advanced ventilation system with 14 air intake and extraction channels designed to maximize cooling and a double screen anti-fog (DSAF) insert to prevent fogging in rain conditions. Certified to the FIA/Snell CMR standard designed for karting drivers under the age of 18, the KC7 CMR Carbon is a winning choice for the next generation of champion drivers.

CARBON SERIES

MAG-9 RALLY CARBON

The Mag-9 Rally Carbon is designed specifically for one of the most demanding forms of racing on the planet. With an ultra-lightweight Carbon shell, progressive design, integrated and adjustable visor peak and professional fit, the Mag-9 Rally is the ultimate in open-face rally performance. This rally version of the Mag-9 Carbon features a high-quality intercom system, soft ear cups with built-in ear protection and ultra-thin integrated speakers for maximum isolation. The adjustable boom incorporates a noise-canceling microphone to ensure superior sound quality.

\$1,149.95 USD

7 1/8 (57) - 7 5/8+ (61+) | CARBON | SNELL SA2015 & FIA 8859-2015

PRO SERIES

MAG-9 RALLY

The rally version of the Mag-9 features a high-quality intercom system, soft ear cups with built-in ear protection and ultra-thin integrated speakers for maximum isolation. The adjustable boom incorporates a noise-canceling microphone to ensure superior sound quality. The Mag-9 Rally combines a high-tech composite shell, sleek design with an adjustable and integrated visor peak to meet the needs of even the most demanding rally racer.

\$749.95 USD

S (57) - XL (61+) | WHITE | SNELL SA2015 & FIA 8859-2015

CARBON SERIES

MAG-9 CARBON

The Carbon version of the Mag-9 features a progressive design with an ultra-lightweight carbon shell to create the ultimate in open-face helmet performance. The Mag-9 Carbon has an adjustable, integrated visor peak and is available in hat sizes assuring a comfortable fit. The Mag-9 Carbon is the perfect combination of features and performance designed for the professional racer.

\$949.95 USD

7 1/8 (57) - 7 5/8+ (61+) | CARBON | SNELL SA15 & FIA 8859-2015

PRO SERIES

MAG-9

The Bell Mag-9 is the latest evolution in Bell's classic open-face helmet design. Featuring a high-tech composite shell, sleek and modern profile with an adjustable, integrated visor peak, the Mag-9 is perfect for racers who want the feel of an open face helmet but demand professional features and outstanding comfort and performance.

\$529.95 USD

S (57) - XL (61+) | WHITE | SNELL SA15 & FIA 8859-2015

FERNANDO ALONSO MINI HELMET

Racing collectors will love this limited edition mini replica helmet commemorating two-time F1 World Champion Fernando Alonso competing in the 2017 Indianapolis 500. The mini features the same special color scheme and sponsor logos as used in the 101st running of the 500.

\$149.95 USD

RS7 CHIN BAR GUARD CARBON

For the demanding environment of dirt racing, Bell Racing has developed a carbon chin bar guard for the RS7 and RS7 Carbon helmets to provide an added layer of carbon material to protect the chin bar from rock chips and cracks. The guard is attached with aggressive double-sided adhesive and as an added bonus covers the helmet's front vents reducing dust inside the helmet while still allowing air to exchange inside the helmet.

\$159.95 USD

MAGLOCK AIR™

The Maglock Air™ connector is a new tool that revolutionizes quick driver changes and rapid safety extraction. The Maglock Air™ allows racers to securely connect their helmets to a forced air system using 30lbs of magnetic tensile force. The air-tight connection can be easily broken with a small amount of angled pressure with one hand for a quick release to disconnect from the air hose.
