Professional Racing Octane Booster

BOOSTane Professional is formulated to increase octane levels up to 116. This formula provides professional racers and racing enthusiasts a safe and convenient alternative to expensive and cumbersome racing fuel. This product is not street legal.

- Proprietary chelated carrier
- Anti-corrosion against ethanol
- Cleaning agents
- Anti-carbon build-up
- Prevents phase separation

- Racing & Off-Road Applications
- Stabilizes Against Ethanol Fuels
- Not Street Legal
- High Compression & Forced Induction Engines (Turbo & Supercharged)
- Ideal For 100 to 116 Octane
- Manually Tuned/Flashed Vehicles

BOOSTane Professional	
Size	Part #
(1) 32oz Bottle	OCT32PR01
(6) 32oz Bottles	OCT32PR06
(20) 32oz Bottles	OCT32PR020
5 Gallon Pail	OCT05PRO
55 Gallon Drum	OCT55PRO

Premium Automotive Octane Booster

BOOSTane Premium Octane Booster is formulated to increase octane levels up to 100. Our BOOSTane Premium line is meant for lower compression and two-stroke engines, this is a street-legal product designed for non-racing vehicles where higher-octane fuel is not available.

- LOWER compression engines and 2 stroke
- Proprietary chelated carrier
- Anti-corrosion against ethanol
- Cleaning agents
- Anti-carbon build up
- Prevents phase separation
- STREET LEGAL

- Luxury & Street Performance Applications
- Stabilizes Against Ethanol Fuels
- Street Legal
- Lower Compression Engines
- Ideal For 92 to 100 Octane

BOOSTane Premium	
Size	Part #
(1) 16oz Bottle	OCT16PRE1
(8) 16oz Bottles	OCT16PRE8
(30) 16oz Bottles	OCT16PRE30
55 Gallon Drum	OCT55PRE

WARNING: These products can expose you to chemicals, which are known to the State of California to cause cancer or birth defects or other reproductive harm. For more information, visit www.P65warnings.ca.gov

Marine Octane Booster

BOOSTane Marine also offers the ability to increase octane levels up to 116 and is specially formulated to complement marine engines. BOOSTane Marine provides all of the advantages of BOOSTane Professional with increased levels of upper end cylinder lubrication for added protection during prolonged WOT applications and can help owners concerned with phase separation of their fuel.

- HIGHER compression engines
- Turbo charged and blower motors
- Proprietary chelated carrier
- Anti-corrosion against ethanol
- Cleaning agents
- Fuel life extender
- Prevents phase separation

BOOSTane Marine	
Size	Part #
(1) 32oz Bottle	OCT32MAR1
(6) 32oz Bottles	OCT32MAR6
(20) 32oz Bottles	OCT32MAR20
5 Gallon Pail	OCT05MAR
55 Gallon Drum	OCT55MAR

- Racing & Marine Applications
- Stabilizes Against Ethanol Fuels
- Not Street Legal
- High Compression & Forced Induction Engines (Turbo & Supercharged)
- Ideal For 100 to 116 Octane

SHOT Octane Booster

BOOSTane Shot is a super concentrated formula capable of increasing pump fuel up to 2 and 3 octane numbers using only 4oz (118ml) of product. BOOSTane Shot is meant for daily driving, and where convenient, quick access to treat poor quality fuel is needed. It is a "one and done" product, requiring no measuring or ratios.

- Unlock lost power due to poor fuel quality
- Forced induction and N/A vehicles
- Proprietary chelated carrier
- Anti-corrosion against ethanol
- Cleaning agents
- Fuel life extender
- Prevents phase separation

*2 Full octane numbers for 21gals treated
*3 Full octane numbers for 16gals treated

- Powersports
- Perfect For Poor Fuel Quality
- Street Legal
- Lower Compression Engines
- 2 & 4 Stroke Engines
- Tuned & Untuned Vehicles
- Recyclable

BOOSTane Shot	
Size	Part #
(1) 4oz Bottle	OCT04SHOT1
(10) 4oz Bottles	OCT04SHOT10
(100) 4oz Bottles	OCT04SHOT100

Diesel Fleet

BOOSTane Fleet additive is engineered for modern diesel engines to address poor diesel fuel refinement and ULSD (Ultra Low Sulfur Diesel). This proprietary carrier formula will increase performance, clean engine parts and add lubricity in high fleet applications for large fuel tanks and haulers.

- Restores power loss
- Cleans and protects injectors
- Maintains healthy filters
- Added lubrication protection
- Prolongs engine life

- Large Fuel Tanks & Fleet Hauler Applications
- Lowers Fuel Costs
- Street Legal
- Increases Engine Efficiency
- Removes Sodium Carboxylate
- Prevents Sticking & Coking

BOOSTane Diesel Fleet	
Size	Part #
(1) 16oz Bottle	CET16FLT1
(8) 16oz Bottles	CET16FLT8
(30) 16oz Bottles	CET16FLT30
5 Gallon Pail	CET05FLT
55 Gallon Drum	CET55FLT

Diesel Winter Defense

BOOSTane Diesel Winter Defense features all of the same benefits offered by BOOSTane's Diesel Fleet line with the addition of cold flow promotion and an anti-gelling technology that have been formulated together to offer the highest performing diesel treatment in sub-zero temperatures.

- Combined cold flow promotion and anti-gelling technology promotes high diesel performance in sub-zero temps
- Prevents fuel filter build-up and blocking
- Increases fuel efficiency and power
- Proprietary formula prolongs engine life

- Large Fuel Tanks & Fleet Hauler Applications
- Lowers Fuel Costs
- Promotes Engine Cold Start
- Increases Engine Efficiency
- Prevents Anti-Gelling
- Prevents Sticking & Coking

BOOSTane Diesel Winter Defense	
Size	Part #
(1) 16oz Bottle	CET16WNR1
(8) 16oz Bottles	CET16WNR8
(30) 16oz Bottles	CET16WNR30
5 Gallon Pail	CET05WNR
55 Gallon Drum	CET55WNR

BOOSTane introduces its very own line of race fuels, designed specifically to augment the octane boosting market of its fuel additives and serve those out there that need even more!

Race 110L

A versatile 110+ octane leaded race fuel perfect for everything from offshore power boating and stock car racing to the weekend warrior. BOOSTane's Race 110L burns cooler and cleaner and has more octane than other 110 products on the market. Designed to provide protection for compression configurations up to 14.5:1 at 8,500 RPM.

Race 116L

Developed with the serious racer in mind, this 116+ leaded race fuel enables extremely high compression, high rev applications. From drifting to drag racing, this will provide the protection and performance you need when it's time to dial up the tune. Also provides protection for nitrous and non-nitrous configurations up to 16:1 at 9,500 RPM.

E85 Pure

Chemical intercooling through latent heat of evaporation offers some very unique benefits, especially when it comes to high boosted applications. BOOSTane E85 Pure aims to help provide this option that non-oxygenated fuels do not offer. Formulated with premium race grade components and premium grade ethanol while not blending with pump gas, E85 Pure produces a reliable, consistent blend that eliminates the need for testing and changing tune-ups.

UTV98

The BOOSTane team is deep-rooted in off-road racing, competing in everything from the Baja 1000 to UTV Short Course and others around the world. We understand the benefits of not only high octane for high compression situations, but just as importantly, the demands on these engines at WOT in desert heat. Designed to take advantage of the latent heat of evaporation, this oxygenated fuel is formulated for both naturally aspirated and forced induction engines.

Race 109UL

BOOSTane's Unleaded 109 Race Fuel is for those high compression (boosted or N/A) applications that need a true unleaded solution. Eliminating harmful components to catalytic converters and O2 sensors, 109 UL is the perfect, oxygenated formula for your vehicle.

Race Fuel	Octane - R+M/2:	Motor Octane	Research Octane	Specific Gravity	RVP	Oxygenated	Leaded or Unleaded	Stoich Ratio	Color
110L	110.5	108	113	0.721	5	No	Leaded	14.95:1	Purple
116L	117	114	120	0.703	4.25	No	Leaded	14.99:1	Red
E85 Pure	100.1	91.6	108.6	0.777	3.72	No	Unleaded	9.91:1	Orange
UTV98	98	97	99	0.716	6	2%	Unleaded	14.67:1	Clear
109UL	107	100	114	0.726	6.7	9.6%	Unleaded	13.57:1	Blue

Energy Drink

The BOOSTane team develops high performance racing fuels for all things from Baja to offshore and drag racing to drifting. And now, we make fuel for your brain! Introducing the BOOSTane Energy Drink in regular and sugar free options. This energy drink will fuel your brain during long days and nights at the track - from the flag drop until you cross the finish line for the checkered flag!
