Gasket Development

Cometic provides customers with quality products, born of exhaustive research and development.

Cometic's Superflow 902S Dynamometer positions us at the forefront of gasket design and technology by giving us the ability to analyze gasket designs and materials in the most extreme conditions. Alongside our in-house research and development, we also collaborate with our partners racing on Sunday at the highest level, ensuring that your gasket won't fail when you need it most.

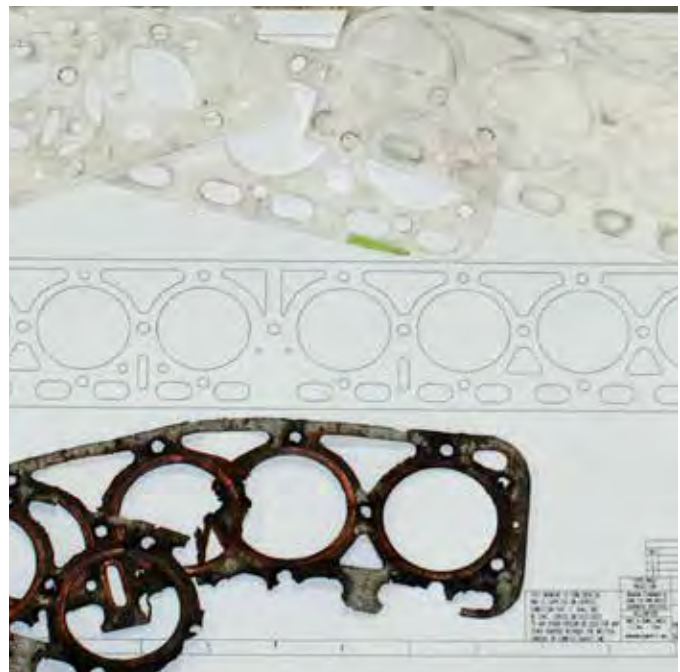

Custom Gaskets

Need to change a gasket bore size? Thickness or both? Do you need a complete gasket design and execution? The process starts with a simple phone call.

Cometic's in-house technical sales team can accommodate virtually any engine configuration: from naturally aspirated to the most exotic turbo or nitrous injected engines. Our commitment is to provide innovative, quality gaskets while maximizing your engine's power and performance. When customization is vital, Cometic delivers!

How does Cometic do it? The process starts and ends under one roof in Concord, Ohio. Once the technical sales team understands your needs, design engineers draw the gasket with state-of-the-art software, and then it is off to manufacturing. Your gasket is efficiently manufactured from quality materials and then shipped. If special tooling is required, Cometic will provide a pre-production estimate for approval.

The passion for racing runs deep in our technical sales and engineering teams. We understand the importance of perfection in your next engine build because we are right there with you racing on weekends.

OEM Production Gaskets

Cometic is your one source for OEM gaskets, from prototyping to full production.

We currently develop sealing solutions in nearly every environment for many customers in the automotive, marine, powersports, industrial, and power generator industries. Prototyping is essential and economical with our different tooling options and quick turnaround due to our in-house tool and die department. Not only are we ISO 9001:2008 Certified, but we also have stamping, laser cutting, rubber injecting molding, and 5-axis machining capabilities.

Flexibility and communication are key. Cometic understands that many variables in determining the design, volume, and production forecasts. We are accustomed to working in an ever-changing environment, maintaining knowledge base and part awareness during the transition from the early stages of development through production, without the hassle of changing suppliers. Inventory turns are essential. We can work together for a delivery solution that best fits your inventory level and cash flow needs.

Partner Relationships

Cometic's gaskets are the industry standard for championship-winning teams and engine builders across multiple disciplines of both professional and amateur motorsports. Since its inception in 1989, Cometic has built relationships with the most reputable engine builders in the industry. Those relationships create the foundation on which Cometic's gaskets are engineered, validated and manufactured for everyday use, or in the most competitive and demanding environments.

Automotive Gaskets

Cometic Gasket - An Exclusive NASCAR Performance Product

Carburetor Gaskets

Designed by engineers, validated by the winner's circle. Cometic carburetor gaskets are manufactured from performance grade materials that resist swelling from various types of fuel. Can be custom ordered to your exact specifications.

Transmission Gaskets

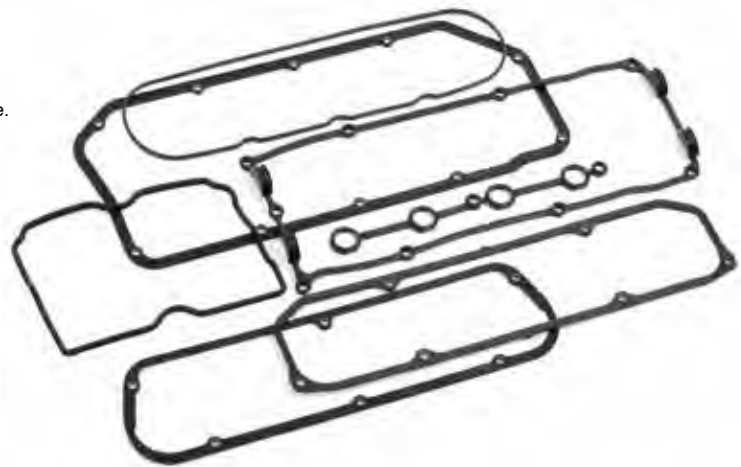

Why trust your expensive transmission to some flimsy paper gasket? Keep your transmission fluid and gear lube where it belongs with our Aluminum Foamet Material (AFM) Gaskets. AFM consists of an aluminum core and features a foam rubber coating bonded to both sides. Ideal for sealing less than perfect surfaces and can be installed without the use of additional sealers!

Valve Cover Gaskets & Sets

Race inspired designs and materials ensure that these valve cover gaskets will perform well above the OE standard. Cosmetic valve cover gaskets surpass the quality and ability of typical cork or paper gaskets offered by other manufactures. Withstands blowing out, over tightening, and high vacuum all at an affordable price.

Turbo Gaskets

Manufactured from a high grade stainless steel, these turbocharger gaskets get the job done the first time! The embossed spring steel maintains a torque set and won't burn through or push out. Does not require additional sealers.

MLS

Multi Layer Steel

MLS Gaskets are comprised of multiple embossed layers of both AMP (Advanced Multi-Polymer Coating) and uncoated stainless steel. The embossed outer layers of the gaskets meet the demands of a variety of harsh sealing environments, load conditions and surface finishes. Requires less clamp load creating less bore distortion and conforms load distribution across the sealing area. The center or shim layer is an uncoated stainless steel layer which can be varied to accommodate multiple thickness requirements.

No sealants or re-torque required.

3 Layer **MLS** Style Cross Section

Available thickness:

.027", .030", .036", .040", .045", .051", .056", .060", .066", .070", .075", .080", .086", .092", .098", 120", .140"

MLX

Multi Layer Xtreme

MLX Gaskets utilize an integrated "stopper" layer for combustion chamber sealing and improved clamp load around the cylinder without increasing bore distortion. MLX technology can be found in the applications below and are made from the same materials as our MLS Head Gaskets.

No sealants or re-torque required.

SEG

Spring Energized Gasket

SEG Gaskets utilize an Inconel jacketed ring and spring with an MLS carrier for ring location and fluid sealing. The resilient nature of the seal ensures useful elastic recovery during service. This recovery aids in the ability of the seal to accommodate minor distortions in the clamped joint, making it conducive for elevated temperature and cylinder pressures like that seen in extremely high horsepower, forced induction applications. *Not available in other thicknesses or bore sizes due to seal ring technology.*

WARRANTY DISCLAIMER*

Due to the nature of performance applications, the parts in this catalog are sold without any express warranty or any implied warranty of merchantability or fitness for a particular purpose. Cometic Gasket Inc. shall not, under any circumstances, be liable for any special, incidental or consequential damages, including, person, party or property, but not limited to, damage, or loss of property or equipment, loss of profits or revenue, cost of purchased or replacement goods, or claims of customers of the purchase, which may arise and/or result from sale, installation or use of these parts.

Installation of these parts could adversely affect the motor manufacturers warranty coverage.

VENUE-The agreed upon venue, in the event of any dispute whatsoever between the parties, whether instituted by either party, including, but not limited to, contract terms, payment terms, delivery, type, defects, sufficiency of product, shall be the Court of Common Pleas, Lake County, Ohio or the Painesville Municipal Court, Lake County, Ohio, depending on the amount in controversy.

This agreement shall be governed by and construed under the laws of the State of Ohio.

All prices and terms are subject to change without notice.

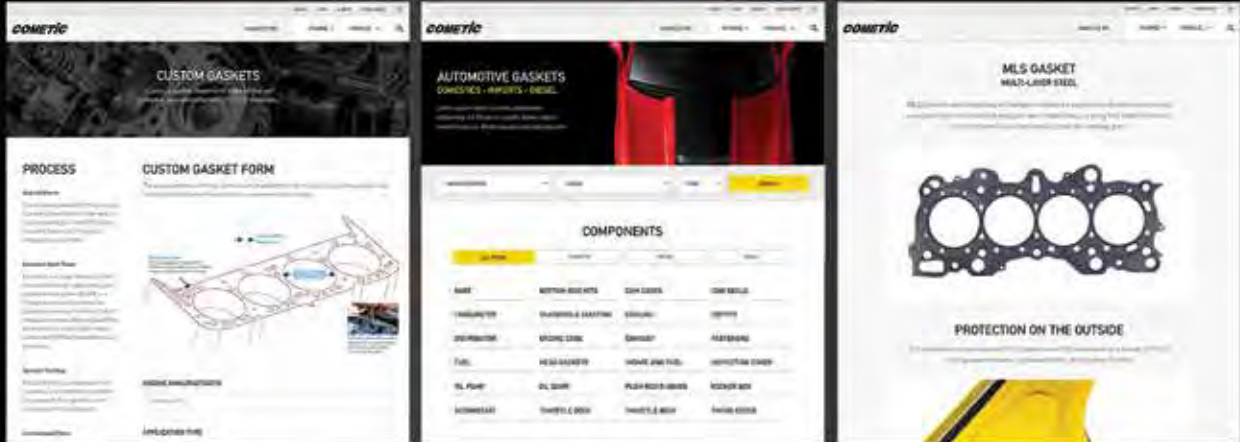

Terms Open accounts may be established by well rated firms. A credit application is available upon request. Open accounts are due payable Net 30 days from date of invoice. No statement will be sent. If an account becomes 60 or more days past due, it is subject to being placed on credit hold. No orders will be shipped or new orders accepted until past due balance is paid. If an account becomes 90 or more days past due, it is subject to being placed for collections. All costs of collection are the responsibility of the customer, including attorney fees, court costs, and other expenses of litigation.

Returns- Authorization (RGA) must be obtained in advance on all returns. A packing slip or invoice number must accompany the merchandise. No returns after 30 days from invoice date. All returns are subject to a 25% restocking charge. All custom designed and custom manufactured gaskets are non-returnable. Only catalog parts are returnable.

Review your invoice and notify us immediately of any incorrect or inaccurate information. Shortages must be reported within 10 days.
