ULTRA LIGHTWEIGHT WHEELS

VR5 monoblock in brushed with matte clear

SEMA award winning, Pikes Peak record breaking, custom wheels by Litespeed Racing.

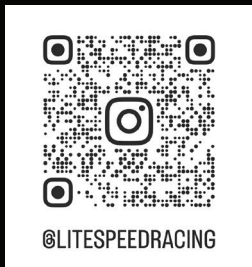

Founded in 2006, Litespeed Racing has one goal; to make the the lightest performance products in the world.

Today Litespeed Racing has achieved that goal with a full range of ultra lightweight, custom made forged wheels.

Starting at only 14.2 pounds for 20X9.5, our wheels are truly the lightest in the world.

Each Litespeed Racing wheel is fully custom made, with custom size, offset, and color. Each Wheel is available in forged magnesium , forged mag+ or forged aluminum. Also each wheel can be made as a monoblock, three piece or made with full carbon fiber Dymag barrels.

For more information, go to www.litespeedracing.com or check us out on Instagram or Facebook @litespeedracing
