

NEW RELEASE!

PART NO.

0480

DIGITAL THERMATIC® FAN SWITCH - GEN II

SMARTER CONTROL. EASIER INSTALLATION. BUILT TO PERFORM.

LARGE LED DISPLAY
WITH °C / °F

IP67 RATED
WATER & DUST
PROTECTION

WIDER TEMP RANGE
-50°C TO 120°C
(-58°F TO 248°F)

SECOND FAN
START-UP DELAY
REDUCED TO 5 SECONDS

DUAL FAN CONTROL
WITH DUAL MANUAL
OVERRIDE MODES

THE NEXT GENERATION OF COOLING CONTROL

The new Digital Thematic® Fan Switch GEN II – Part No. 0480 has officially superseded the previous Part No. 0444, delivering significant improvements in functionality, installation flexibility, and overall performance.

IMPROVED DESIGN & INSTALLATION

The GEN II controller has been redesigned with a larger, easier-to-read LED display featuring temperature units, while the wiring has been relocated to the rear of the controller for cleaner and more convenient installation.

ENHANCED CONTROL & COMPATIBILITY

The upgraded controller introduces dual manual override wires, allowing independent override control of dual fans, along with selectable override signal polarity for greater compatibility across vehicle applications.

SUPERIOR PERFORMANCE

Performance enhancements include a reduced second fan start-up delay of just 5 seconds, an expanded temperature adjustment range from 5°C to 110°C (41°F to 230°F), and an improved IP67 rating for superior water and dust protection.

SUPERSEDED BY THE ALL-NEW

PART NO. 0480

- ✓ Smarter control logic
- ✓ Improved durability
- ✓ Enhanced installation flexibility
- ✓ Next generation performance

NEW PART NO.	DESCRIPTION	SUPERSEDES
0480	Digital Thematic® Fan Switch GEN II.	0444
0481	Digital Thematic® Fan Switch GEN II with 1/4" NPT Thermal Sensor.	0445
0482	Digital Thematic® Fan Switch GEN II with 1/8" NPT Thermal Sensor.	0448
0483	Digital Thematic® Fan Switch GEN II with M12 x 1.5 Thermal Sensor.	—
0485	Digital Thematic® Fan Switch GEN II with 1/4" NPT Thermal Sensor & 35mm Inline Adapter.	0435
0488	Digital Thematic® Fan Switch GEN II with 1/4" NPT Thermal Sensor & 38mm Inline Adapter.	0438

With smarter control logic, improved durability, and enhanced installation flexibility, Part No. 0480 represents the next generation of Davies Craig Digital Thematic® Fan Switch technology.
