*SIMPSON PERFORMANCE PRODUCTS*

*SIXTY YEARS OF VICTORY LAPS*

## ***SIX DECADES OF FIRSTS – FOR US AND YOU.***

Since 1959, Simpson has been leading the way to help you do the same. With the sports first drag chute, fire suit and pure motorsport helmet, Simpson has been a pioneer for innovation and one of the most iconic brands in racing and riding safety.

But as any true competitor knows, you can't rest on those past accomplishments, which is why we're constantly advancing and adding to our product lines. We're as proud of where we've been as where we're going. Thanks for taking us along for the ride – and race. Here's to even more signature celebrations.

Break from the pack with Simpson.

## CERTIFICATIONS/HELMETS

**FIA:** The Fédération Internationale de l'Automobile (FIA), Headquartered in Paris, France, is a nonprofit organization that brings together 227 national motoring and sporting organizations from 132 countries on five continents. FIA Formula One World Championship, FIA World Rally Championship and FIA World Touring Car Championship are among the sanctioning bodies who abide by FIA standards. More information can be found at [fia.com](http://fia.com).

**SFI:** The SFI Foundation, Inc. (SFI) is a nonprofit organization established to issue and administrate safety standards for specialty and performance of automotive and racing equipment. SFI oversees testing and standards for racing suits, restraints and many other high-performance safety products in the United States. NASCAR, SCCA, IRL and NHRA are among the sanctioning bodies who abide by SFI standards. More information can be found at [sffoundation.com](http://sffoundation.com).

**Snell:** Snell Memorial Foundation is known for its ongoing work in setting, maintaining and continually upgrading helmet standards in Motorsports in the world. NASCAR, NHRA, SCCA and IRL are among the sanctioning bodies who abide by Snell helmet standards. More information can be found at [smf.org](http://smf.org).

**DOT:** United States Department of Transportation – meets US DOT requirements for motorcycle helmets.

**ECE 22.05:** Economic Community of Europe (ECE) is the most common helmet standard used internationally. The ECE 22.05 is required by over 50 countries worldwide.

# 90 DAY FINANCING PROGRAM APPLICATION

Simpson Performance Products provides our Racer Net customers a program to purchase an order of \$500.00 or more on a ninety day, no interest financing program, provided the terms and conditions of Simpson's finance program are agreed to and complied with by the customer.

## FINANCING TERMS AND CONDITIONS OF SALE:

- 1 Simpson Performance Products will offer the customer a ninety (90) day, three (3) payment program with no finance charges on any order over \$500.00 to \$2,000.00. Orders over \$2,000.00 will be subject to credit approval.
- 2 The customer agrees to purchase the safety product and make a one-half (½) initial payment to Simpson, plus any applicable shipping charges and taxes. Sixty (60) days after the purchase date of the device, the customer makes a second one-fourth (¼) payment and to complete the transaction, ninety (90) days after the purchase date the customer makes a final one-fourth payment to Simpson.
- 3 The customer must purchase the products with a major credit card (Visa, Master Card, American Express or Discover) and agree to allow Simpson to make two (2) additional charges to the card for equal amounts for the remaining balance of the purchase on the second and third payments days (sixty (60) and ninety (90) days from the date of purchase). This will be an auto-transaction process, and each charge will appear on the customer's monthly statement on the corresponding billing month.
- 4 The customer will be charged a fifty dollar (\$50.00) service fee and a 1.5% monthly interest fee for any credit card charge that is not accepted due to an invalidated credit card status at the time of billing.

**This program is at the complete discretion of Simpson Performance Products, and Simpson reserves the right to limit its implementation and to cancel the program without notice.**

**OFFER DOES NOT APPLY TO CUSTOM SUITS**

Please fax the completed form to **(830) 625-3269** or contact customer service at **(800) 654-7223**

## NEW DR 2

The DR2 or Devil Ray 2 is a modified version of the Devil Ray helmet, homologated to Snell SA2015 certification with loads of new features including a new clear air pipe for top air, or a side air offset.

### FEATURES

Lightweight shell construction  
Features recessed area for ear cups  
Additional air flow  
Removable cheek pads and top pads for a custom fit  
Compatible with the Devil Ray shield and pivot system  
New clear air pipe for top air.  
Side and offset air available.

### COLORS

White, Gloss Black

|                     |                        |                           |
|---------------------|------------------------|---------------------------|
| CODE:<br><b>684</b> | SIZE:<br><b>XS-XXL</b> | PRICE:<br><b>\$599.95</b> |
|---------------------|------------------------|---------------------------|

### RECOMMENDED FOR REPLACEMENT SHIELDS 84300 SERIES

| RECOMMENDED FOR | CODE:  | COLOR:  | PRICE:  |
|-----------------|--------|---------|---------|
| Dirt Track      | 84300A | CLEAR   | \$49.95 |
| Off-Road        | 84301A | SMOKE   | \$49.95 |
| Karting         | 84303  | IRIDIUM | \$69.95 |
| Road Racing     | 84304A | AMBER   | \$59.95 |
| Stock Car       | 84306A | MIRROR  | \$69.95 |

The DR2 model comes ready for electronics and air supply. The air options can be added without drilling holes into the helmet which allows the customer to try different options without the worry of destroying a helmet.

The DR2 model offers improved comfort and fit while maintaining the level of quality found in the Devil Ray. Ventilation was added to the DR2 model in order to let heat escape and keep the driver comfortable. Non-integrated accessories can be purchased and installed by the customer or at the factory.

## DEVIL RAY COMPOSITE

Our popular Devil Ray Carbon helmet is now available in a composite version with the same outstanding customizable features as our Carbon Devil Ray. Composite weighs a little more than carbon, but if you are looking for an incredible value, the composite Devil Ray is for you.

### FEATURES

Snell SA2015 certified  
Required protection at a lower price  
Devil Ray has the most add-on features, including a peak for blocking the sun  
High-quality fit with removable cheek pads  
Helmet includes a smaller set of cheek pads to improve the fit of the helmet if needed  
Head restraint-ready

### COLORS

## NEW DESERT DEVIL

The Desert Devil Off Road Helmet System includes our popular Devil Ray Snell SA 2015 rated helmet, equipped with an offset top air pipe and off road communication kit. Pop the helmet out of the box and you are ready to go riding.

The off-road communications kit comes with a 3.5mm headphone connection that can be plugged into your mobile phone for music using an auxiliary cord easily purchased from your favorite electronics store. The offset top air pipe gives extra head clearance in the vehicle.

### FEATURES

- Lightweight shell construction; Snell SA 2015 Rated
- Includes off-set top air (left side only)
- Includes off-road communication kit with flex boom and water-resistant connections
- Includes integrated speakers
- Removable cheek pads

**Custom Colors**  
Shown on the **Diamondback**

PRICE:  
**+\$30**

\* Fluorescent paint has limited UV Protection

## MEASURING FOR A HELMET

A correctly fitted helmet should feel like an even amount of pressure is being exerted around your head and cheeks. But helmets break in, so it should fit as tight as you can comfortably wear it. Once fastened, you should NOT be able to pull it off your head in any direction. Attention first-time helmet buyers: If your helmet is loose at all, and doesn't fit well, it CANNOT deliver the best protection. A helmet's strict safety standards can be compromised after only one impact collision. If the integrity is in question, send it back to us for proper inspection.

### MEASURE DIRECTLY ABOVE THE BROW LINE FOR THE BEST HELMET FIT.

Simpson Recommends Inspection Of Your Helmet After Any Impact Collision.

#### ADULT HELMET SIZE CHART

#### YOUTH HELMET SIZE CHART

## NEW MULTI-EQUIPMENT DRYER FOR HELMET, GLOVES AND FOOTWEAR

Simpson's newest antibacterial multi-equipment dryer circulates air in a temperature-controlled environment to safely dry helmets, gloves and footwear.

It's hard to put that wet smelly helmet on your head. What's happening to your expensive equipment? The truth is cheek pads and liners degrade over time from perspiration and bacteria. Keep your equipment in peak condition longer by stopping mold and mildew before it starts. You can focus on your driving or riding and quickly refresh between events.

CODE: **97100**  
PRICE: **\$129.95**

**FEATURES**  
Anti-bacterial, eliminates odors and controls bacteria growth  
Dual dryer ports  
110 volt

## RADIO COMMUNICATION

Simpson is proud to offer Rugged Radio's exclusive communication technology for Racing Radio Driver and Crew Communication systems. Order your favorite Simpson helmet complete with factory-installed communications equipment. Save time, save on shipping charges. Helmet kit pricing as shown includes installation. Simpson helmets are fully certified to be Snell and/or FIA compliant when equipped with Rugged Radios helmet kit installations. PCI Radios also available for off-road applications. Call us at 800-654-7223.

### OFF-ROAD HELMET KIT

Kit Includes Flex Boom, Helmet Speakers and 3.5 mm Ear Bud Jack

This complete off-road flex boom helmet kit features Rugged Radios' new Dura-Link Sealed Connector, Clear Hear speakers and dynamic noise canceling mic for best audio performance, and 3.5mm input port for music cable or ear buds. The Dura-Link Seal, featured on all Rugged helmet kits, seals the connection between the intercom cable and helmet kit plug. The Dura-Link Seal protects the connection contacts from water, mud and dirt which can affect audio performance and works with current Rugged off-road intercom cables.

## HELMET EJECT AND EMS

Simpson's Eject Helmet Removal System is a small air bladder that fits easily into any helmet, without changing its fit or feel. In the event of a crash, First Responders can help reduce the risk of secondary neck or spine injuries by inflating the Eject System which gently lifts the helmet off the head.

### EJECT EMT AMBULANCE/TRACK KIT

Complete Eject Kit for track or ambulance contains:

- 3 EMT Helmet Bladders
- 1 Bulb Inflator
- 1 CO2 Inflator
- 4 CO2 Cartridges (16 grams each)
- 1 Track Bag

CODE **898-01-KIT** PRICE **\$299.99**

### EJECT CO2 CARTRIDGE

Carbon Dioxide cartridge for Eject CO2 Inflator

CODE **896-01-30-B** PRICE **\$9.99**

### EJECT EMT BLADDER

Air bladder with attached hose for helmet installation.

CODE **892-01-BLR** PRICE **\$69.99**

### EJECT BULB INFLATOR

Eject Inflator powered by a small rubber bulb

CODE **897-01-30** PRICE **\$39.99**

### EJECT CO2 INFLATOR

Eject Inflator powered by a small Carbon Dioxide cartridge. Includes one cartridge. Additional cartridges sold separately.

CODE **895-01-30** PRICE **\$24.99**

### EJECT BLADDER

Eject and installation.

F/C AIR SYSTEM

DRAG SOCK

## THE F/C AIR SYSTEMS

Can be installed on most Simpson fullface helmets. Advanced internal airflow system distributes fresh air throughout, with venting to the mouth/nose, and 2 clearing ports on each side to eliminate fogging. Drag sock and Kevlar® gasket purchased separately. Requires use of drag sock.

### Drag Air System

| CODE:        | PRICE:          |
|--------------|-----------------|
| <b>97025</b> | <b>\$129.00</b> |

### Drag Sock

| CODE:        | PRICE:          |
|--------------|-----------------|
| <b>97003</b> | <b>\$159.00</b> |

## THE F/C EXTERNAL AIR SYSTEM

The F/C Air System was designed in 1998 to provide constant flow or on-demand air to the driver in the event of a fire. Composite bottle will hold 5 to 10 minutes of air, depending on flow setting. System includes Flow Control Regulator, ball valve, 8 ft. fire rated hose, hose fittings and 3000 PSI rated bottle (114 cubic inches) and shut-off valve assembly.

### Air System

| CODE:      | PRICE:          |
|------------|-----------------|
| <b>FCC</b> | <b>\$699.00</b> |

## BREATH DEFLECTOR

Helps seal mouth and nose area and keeps fresh air in and unwanted fumes out. Can be molded to conform to contours of nose. Prevents fogging and can be used in conjunction with Sidewinder F.A.S. Must have helmet to install at factory.

Adjustable Breath Deflector (Shown)  
Breath Deflector

## NEW MOD BANDIT

### Modular function and convenience meets Simpson style and attitude.

One hand modular function, communication system ready, Pinlock system compatible, and internal sun shield are highlights of the new Mod Bandit. Ready to ride across town or around the world, the Mod Bandit offers the function and style you are looking for.

#### FEATURES:

- DOT/ECE certification
- Tri composite or carbon fiber shell combined with a polycarbonate alloy chin bar
- One hand chin bar opening
- Ability to lock the chin bar in the open position
- Metal chin bar locking components for strength and durability
- Communication system compatibility
- Multiple adjustable intake vents
- Free flow, low pressure exhaust vents aids in air extraction
- Integrated spoiler maximizes stability and aids in air extraction
- Removable, washable, hypoallergenic and antimicrobial cheek pads and interior
- Pinlock shield insert ready
- Toolless, quick release, shield changing
- Smoke tinted internal sun shield, other options available
- Rear facing cheek pad reflective panels
- Removable, noise reducing chin curtain
- Traditional, double D-ring retention system

## GHOST BANDIT

ECE 22.05  
Approved

Designed 100% with motorcycle riders in mind, the Simpson Ghost Bandit is prepared to handle just about any type of riding in killer style and complete comfort. The lightweight shell has been aerodynamically tuned for motorcycle riding, and is fully ventilated for maximum airflow when, and where, you need it most. Integrated speakers and microphone pockets make it easy to install your favorite communication device, and a drop-down sun visor makes riding through changing light conditions a breeze.

### FEATURES

- Lightweight Composite and Carbon Fiber versions
- DOT/ECE Certified
- Removable liner
- Internal sun visor
- Multiple shield options
- Integrated speaker and boom mic pockets
- Dual adjustable chin vents
- Top and rear ventilation
- Removable chin air dam

HEAD RESTRAINTS

## HEAD RESTRAINTS

### WHAT YOU NEED TO KNOW

#### Why do I need a frontal head restraint system?

Quite simply, head restraints save racers' lives!

If you are unfortunate enough to be involved in an accident during a race, your seatbelt is likely going to do its job and stop your body from moving forward. The head restraint will do its job and stop your head from whipping forward and placing enormous strain on your neck. A racer's head is made heavier than normal by the added weight of a helmet. Frontal impact in a race car can cause basilar skull fractures which are often fatal and have taken the lives of some of history's greatest racers. Keep in mind that it isn't necessarily how fast you are going but how fast you stop that causes some of the worst injuries.

#### What is the difference between the different head restraint devices?

Simpson offers a complete line of HANS Devices and Simpson Hybrids. The HANS is a yoke style head restraint and has a loyal following worldwide. The Hybrid is a backpack style device designed to stay with the racer upon entering or exiting the racecar. The Hybrid line features the Hybrid S, the only head restraint in the world that is tested and proven to work with 3-point OEM seatbelts, a plus for HPDE and Track Day participants. The HANS and Hybrids are popular with top level NASCAR, NHRA and WRC drivers. The difference in head restraint models comes down to weight – all HANS and Hybrid head restraints offer the same exceptional level of protection. We offer composite and carbon fiber models to service every price level. Simpson has historically worked to lower the price on head restraints to make this crucial piece of safety equipment affordable to all racers.

#### Do I need to use a specific seatbelt harness?

No, but the configuration of the seatbelt harness is critical and some head restraints are tailored for use with a FHR-specific seatbelt harness.

The shoulder strap mounting points should be even with the shoulders such that the straps make an angle of 10° to the horizontal.

The mounting points must be equally disposed about the user's centreline so that straps spread inward slightly from the mountings and around the FHRs.

This helps to keep the straps firmly engaged with the FHRs.

#### How do I care for my head restraint?

HANS and Hybrid head restraints are low maintenance but should be kept clean and dry.

Extreme hot or cold environments should be avoided, and they should be kept away from petroleum products and other corrosives which can affect even the strongest composite materials and resins. Store out of direct sunlight and clean when needed with soapy warm water.

CALL US AT 1-800-654-7223 FOR HANS AND HYBRID ASSISTANCE.

## HYBRID PRO LITE

The Hybrid Pro Lite® is the ultimate in safety and comfort. The Hybrid Pro Lite's new lightweight design and carbon fiber construction provides maximum comfort and maneuverability with superior strength. All of Simpson's Hybrid Series head restraints are designed for easily exiting the car without the danger of being entangled in other gear by offering the lowest profile of any comparable device. This device comes with optional patented SAS (Seatbelt Anchor System) for even greater coverage in flips, barrel rolls and side impacts. When the worst happens, you'll have the same great protection every time.

## HYBRID SPORT YOUTH

The Hybrid Sport® Jr. sizes give you all the safety as an Adult version, but 25% smaller to fit a Youth as young as 4 years. The Hybrid Sport with its lightweight design and DuPont® carbon/polymer construction provides maximum comfort and maneuverability with superior strength. All of Simpson's Hybrid Series head restraints are designed for easily exiting the car without the danger of being entangled in other gear by offering the lowest profile of any comparable device. This device comes with optional patented SAS (Seatbelt Anchor System) for even greater coverage in flips, barrel rolls and side impacts. When the worst happens, you'll have the same great protection every time.

- Seatbelt Anchor System - \$40
- Quick Click Anchors/Tether Kit - \$65

RECOMMENDED FOR  
QUARTER MIDGET RACING

# HEAD RESTRAINTS

**Hybrid S** HOT PRODUCT

Simpson's Hybrid S model is currently the only Frontal Head Restraint proven effective for 3-point harnesses, and the device is also FIA and SFI approved. Additionally, in a partnership with Detroit auto manufacturers, the Hybrid S is third party tested to FMVSS208.

The Hybrid S allows high-performance driving Instructors, auto manufacturing test engineers, and other drivers with 3-point harnesses access to the advantages of head restraint safety.

The FIA Hybrid Head Restraint, in conjunction with a Snell or FIA rated helmet and a 3-point harness, reduced neck tension significantly when compared to a test with only a helmet and 3-point harness.

While we can offer head restraint protection for use with 3-point seatbelts, Simpson's top concern is driver and instructor safety. We suggest a Full Containment Cockpit System that includes a Full Containment Seat, Snell or FIA rated Helmet, FIA or SFI approved Frontal Head Restraint, and a 5 to 7-point seatbelt harness system for the best protection while on the track.

## FEATURES

- FIA approved, SFI certified
- High-quality carbon fiber construction
- Low profile. No high back to hook on the bars on exit.
- Multiple load paths to dissipate head loads
- Buckle attachment in front. No bulky straps underneath.
- Ships race ready with post clips
- Seat belt anchor system
- Helmet anchors available for upgrade

| Hybrid S |  |            |
|----------|--|------------|

| HYS.M61  | M61 UPGRADE OPTION, ALL SIZES, WITH HELMET ANCHORS | \$1,160.00 |

3 Point OEM  
Harness Compatible

**PROTECTION STATEMENT** *Simpson's top concern is your safety. For your BEST protection on the racetrack, we suggest a full containment cockpit system that includes a full containment seat, Snell or FIA rated helmet, SFI or FIA approved head restraint and a 5, 6 or 7-point harness system.*

For best safety practices, it is our recommendation that no one should unhook/disable the airbag system installed by the auto manufacturer or their authorized installer. Our outside experts in Detroit confirmed and require their test engineers to use the Hybrid S in conjunction with the airbag in a 3-point system. All of our experts believe the airbag and Hybrid S work in conjunction to increase protection in frontal crash events.

## HYBRID SIZING CHART

### CHEST STRAP WITH DRIVING SUIT ON

#### HOW TO MEASURE

1. Measure around chest below pectoral muscles.
2. Measure with driving suit. If not available add 1" to measurement.
3. Take measurement with tape placed against driver without any slack and without pulling the tape tight.
4. Once measurement has been determined, refer to size charts to device size selection.

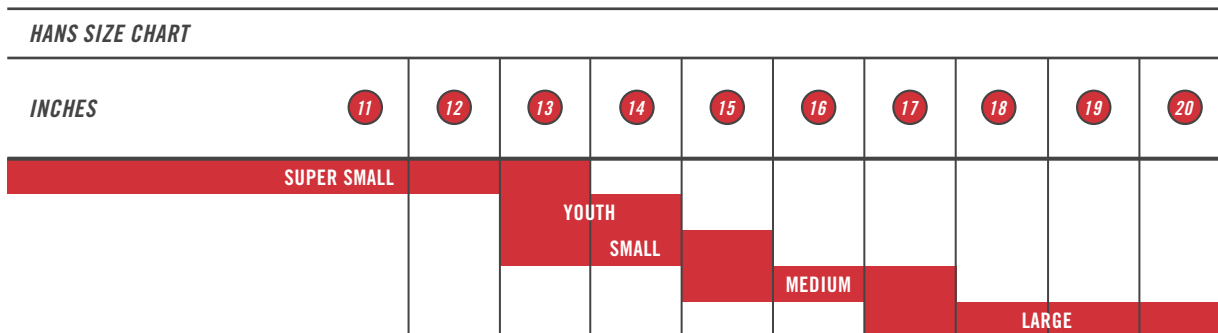

Call customer service at **800-654-7223** if unsure.

\* CHILD AND YOUTH SIZES AVAILABLE IN HYBRID SPORT

## HANS DEVICE SIZING CHART

Neck size is the starting point for fitting a HANS Device.  
You may fit several sizes – comfort is the deciding factor. See HANS selection, beginning page 37.

## HANS III

The HANS III represents the third generation of injection molded HANS devices and takes a revolutionary approach to reducing weight. Using an all-new design and polymer, the HANS III features a hollow collar to substantially minimize weight. Engineered reinforcements ensure this HANS offers the same level of safety as every HANS device, while the reduced mass guarantees the lightest, most comfortable injection molded HANS ever. Call for FIA pricing.

## HANS PRO ULTRA

### NASCAR APPROVED

The HANS Pro Ultra is SFI 38.1 and NASCAR approved. The Pro Ultra device applies lightweight construction of the Carbon Fiber Pro series to the modern new shape of the Sport II. The Ultra saves on weight and allows for easy entry and exit from the race car, even smaller, tighter vehicles. The 100% carbon fiber construction features a hollow core for increased weight reduction without sacrificing strength. The sliding tethers offer exceptional visibility. Upgrade to the Pro Ultra today.

## YOUTH HANS III

The lightweight HANS III is now available in a Youth size. The SFI 38.1 certified HANS III Youth features a hollow collar that substantially minimizes weight and is engineered for the growing young racer. Reinforcements ensure an exceptionally strong structure that provides the same level of safety as every HANS device.

See sizing chart for recommendations – remember driver comfort is the most important factor when choosing a size.

## HOT NEW PRODUCT HANS ZERO

The Stilo HANS Zero combines the best of the Simpson Group, a fresh Italian design engineered for extreme lightness along with HANS proven technology to create the lightest, most comfortable HANS device ever. Using proprietary techniques and aerospace grade carbon fiber, the Stilo HANS Zero is 15% lighter than the HANS Ultra Lite, the current lightest HANS on the market. The Zero's legs are carefully crafted to fit your chest and the result is pure comfort! You will know you're wearing the best head and neck protection available.

Stilo HANS Zero is the ultimate achievement from the company that invented head and neck restraints, a collaboration of excellence combining Stilo's best of Italian style and HANS lifesaving technology.

PRODUCT AVAILABLE EARLY 2019

MSRP  
\$1,399.00

## HANS PROFESSIONAL SERIES NASCAR APPROVED

Professional HANS devices are lightweight handlaid carbon fiber. The HANS Professional device is worn by professional racers worldwide, including NASCAR's finest racers like Jimmie Johnson, Tony Stewart and Denny Hamlin. Call for FIA pricing.

### FEATURES

**The Model 20**, our most popular angle, fits upright seats like those found in most sports cars, from Honda to Lamborghini. Fits most stock cars, drag cars, sprints, modifieds and similar. Available in 4 sizes – Super Small (youth), Small, Medium, Large.

**The Model 10** fits extreme upright seats like those found in sprint cars. It also is comfortable for some very thin drivers. Model 10 available in size Medium only.

**The Model 30** fits laydown seats like some Formula cars. It also is comfortable for larger drivers in sports cars in place of a Model 20. Available in size Large only.

**The Model 40** – special order for vintage single seaters only. Available in size Medium only.

White, Gloss Black, and Carbon fiber

## VORTEX

The Vortex seat provides high containment while still allowing for easy entry and exit with its cutaway lower bolster design. It is designed to work with the factory slider without raising the seat height. The Vortex's traditional tube-style frame is mated to a laser cut seat base which utilizes a variety of different modular mounting rails. Optional seat heaters and adjustable lumbar supports are available.

The Vortex model is available in 3 sizes:

1. Standard size
2. Wide Body (2" wider, Retail \$499.95)
3. Short Cushion (the base is 2" shorter front to back)

## VORTEX REAR BENCH

The Vortex rear bench is completely bolt-in. It does not require any cutting or permanent modifications to install and utilizes a laser cut panel to replace the factory plastic console. The rear bench matches the styling of the new Vortex and can be ordered in colors that complement the factory front seat for those who do not want to replace the OEM front seats. Optional seat heaters and adjustable lumbar supports are available.

## CAN AM X3 VORTEX BENCH

The new Can Am X3 Vortex bench is 4" wider than our standard Vortex bench, making it the perfect size for the X3. All Vortex rear benches are completely bolt-in and come with all the required hardware needed for installation. It can be ordered in colors that complement the factory front seat for those who do not want to replace the OEM front seats.

## PRO SPORT

The Pro Sport was developed and engineered for superior fit, function, comfort and style all while keeping its mounting position as low as possible in the vehicle. The Pro Sport is 2" wider than our standard Vortex in key areas with extra broad shoulders for the ultimate comfort and containment. Its base is made up of our laser-cut universal pan design making it ideal for UTVs, Buggies, Jeeps and most all off-road vehicles. Optional seat heaters and adjustable lumbar supports are available.

## XL-R

The XL-R was designed with the Jeep daily driver in mind with its reclining backrest and easy exit/entry bolster design. The reclining function allows you to fine-tune the comfort level and provides easy backseat access. Like all of our seats, the XL-R is a suspension seat and is built with the highest quality materials. The XL-R adds comfort, safety and style to any ride.

## OFF-ROAD D3 RESTRAINT

The Simpson D3 buckle does what no other buckle system can. It provides the ease and convenience of a sewn-in harness without the shoulder straps being sewn to the lap belt. Its unique patented design eliminates the two shoulder strap links while still allowing the shoulder straps to be joined at the center of the buckle, truly emulating the "V" shape of a 5 point latch and link.

\*To order a D3 harness with cadmium plated hardware, remove the "X" from the end of the part number. Shoulder speed adjusters are not available with cadmium plating.

Not SFI Rated.

# PUT ON THE ADVANTAGE

RACING SUITS

## ORDER INFORMATION

### ORDER TOLL-FREE

1-800-654-7223 + Fax: 1-830-625-3269

Our sales team is ready to take your order or provide any assistance you may require by toll-free phone, mail or fax.

### CUSTOM SUITS & CREW UNIFORMS

1-888-872-SUIT (7848) + FAX: 1-310-320-7179

If you need assistance or help in ordering custom suits and/or crew uniforms, call our Tech Information and Help Line first. They will explain the different styles of suits, options, sizing, embroidery and anything else you might need to know.

### TECHNICAL SUPPORT & HELP LINE

1-800-654-RACE (7223) or 1-888-872-SUIT (7848)

(Custom Suits & Crew Uniforms) If you have a question about a product or would like to check on an order, please call our toll-free Technical Support line between 8 AM – 5 PM, Monday through Friday, Central Time. Or, use the toll-free 1-888-872-SUIT (7848) between 8 AM – 5 PM, Monday through Friday, Pacific Time for assistance regarding Custom Suits and Crew Uniforms.

### RETURNS

Simpson warrants all products to be free from all defects in material and workmanship when used according to the manufacturer's instructions. Warranty does not include damage to the product as a result of misuse, abuse of the product, or normal wear and tear. Simpson will provide a replacement part or product at its sole discretion. Purchaser must assume responsibility for the cost of shipping the product to Simpson for service or inspection. Should any product not meet your expectations for fit, workmanship and quality, please call 1-800-654-7223.

### PRODUCT SERVICES & RETURNS

If for any reason you would like to return a product you purchased, or have a product you need serviced or inspected, ship it to Simpson via insured Parcel Post or UPS within 30 days. Please return new products in original condition, in the same boxes with a copy of the invoice to:

**Simpson Performance Products**  
328 FM 306, New Braunfels, TX 78130

### CUSTOM SUIT RETURNS

If you need to return a Custom Crew Suit or Crew Uniform for alterations, please send to the following address:

**Simpson Performance Products**  
1407 West 240th Street, Harbor City, CA 90710

JOEY COULTER, STOCK CAR DRIVER

## SIMPSON FINANCING FOR RACERS

### SEE PAGE 5 FOR APPLICATION

Racing can be a dangerous sport, and safety products often fall by the way when purchases for the car and entry fees are more critical. Simpson offers a finance program that helps to make safe racing affordable.

Purchases of \$500 and greater qualify for our generous interest free, 90-day, 3-payment finance program. A new Snell 2015 helmet, the head restraint you know you need and the latest in racing suit technology can all be yours. It is easy to apply and we can often approve you the same day. Turn to page 5 for our simple application. Our safety experts are happy to walk you through the process and get your safety gear on the way to you before your next race.

Call us at 1-800-654-7223.

## NOMEX® TECHNOLOGY RACE PROTECTION

DuPont™  
Nomex.

### PERFORMANCE & CONFIDENCE

Racing professionals can't have one without the other. That's why they wear racing suits made of DuPont™ Nomex® fiber. In fact, 95% of racers around the world trust the protection of Nomex® to keep them safe. It manages extreme heat, yet still delivers incredible comfort, style and durability – giving them the performance only Nomex® thermal technology can provide. Racing suits and apparel made of Nomex® fiber help play a pivotal role in providing the valuable seconds racing professionals need to escape fires that result from both on-track collisions and pit accidents.

### BUILT IN

Racing gear made of Nomex® is inherently flame resistant; the FR (flame resistant) protection is built into the fiber and cannot be washed out or worn away – ever. It won't melt or combust when exposed to flame and actually becomes thicker when exposed to intense heat forming a protective barrier between the heat source and the skin.

### TRUST

For more than 30 years, DuPont™ Nomex® has been the industry leader around the world in FR protection against the ever-present danger of fires at the racetrack.

95% of racers (NASCAR®, IRL, NHRA, WoO and IHRA) around the world, including their pit crews, rescue teams and track officials, trust and depend on the FR protection of racing suits made with DuPont™ Nomex®.

## SUIT TESTING

**THERMO-MAN®** is the most advanced life-sized thermal burn injury evaluation system in the world today. He can be exposed to various fire hazards through controlled burns to test burn protection properties of garment constructions, fabric weights, material types and garment design styles. Results predict the amount, degree and location of burn injuries that would be sustained by the wearer in a flash fire.

DuPont scientists use this information to help apparel manufacturers develop optimum designs in lightweight, flame-resistant suits that equip drivers, pit crews, rescue teams and track officials with garments that are comfortable and provide the best thermal protection possible.

### LEARN MORE AT DUPONT.COM/NOMEX

DuPont™ Nomex® is a trademark of E.I. du Pont de Nemours and Company

## CUSTOM SUIT DESIGN OPTIONS TRIM CHARGES SHOWN ARE IN ADDITION TO THE BASE SUIT PRICE.

Custom suit design options, choose your colors from our wide selection. Visit our free online suit design tool at [simpsonperformance.com](http://simpsonperformance.com) and make your vision a reality.

## CUSTOM MADE-TO-ORDER RACING SUITS

Our Made-To-Order custom racing suits are made to order per your exact specifications at our factory in the USA. They are SFI approved and feature genuine DuPont™ Nomex® fabric. Our suits provide protection and comfort from over 14 measurements that are uniquely yours for a true custom fit. Our custom racing suits are offered in single layer, 2-layer and 3-layer suits as well as drag racing suits. Try our lumbar stretch panels for added comfort and ease of movement. Our large selection of color choices allows for compatibility with sponsor requirements.

### EACH MTO SUIT INCLUDES

- Custom fit with 14 different measurements
- Vertical quilt
- Choice of collar (banded, soft knit, wraparound)
- Zippered breast pocket on select styles
- Epaulets with Simpson logos included
- Name embroidered on front belt
- Inset front pockets
- Colored rib cuffs (Red, White, Blue or Black)
- SFI tags included where mandated

### Available Features

The suits pictured in our custom suit section are here to show you the multitude of style and material options that are available. When you see the Custom logo next to a racing suit, the product is available in custom colors and features. You are not limited by any of these designs in any particular suit style. Design your own suit with the available features below. However, if you like a particular design that you see, call 888-872-SUIT (7848), and our customer service staff will assist you. Or design online at [simpsonperformance.com](http://simpsonperformance.com).

## CUSTOM DNA

SIMPSON SUIT FEATURING  
**NOMEX**

**SFI 3.2A/5**

MADE IN U.S.A.

The DNA suit combines industry-changing innovations and advanced design in a suit that offers almost no restrictions to movement, unbeatable breathability and incredibly lightweight fabric. This game-changing suit is constructed to meet the needs of our athletes on the track and loaded with features available only at Simpson.

CODE:  
**MT0.26**

BASE PRICE:  
**\$1,829.00**

**COLORS**  
See page 54

### THE PACKAGE INCLUDES

SFI.5 approved Titanium Nomex® racing suit, Made in the USA

Integrated cuffs replace traditional sleeve cuffs, minimizing material at your wrist and eliminating bunching in the glove gauntlet area

X-Tech stretch elbows allow for effortless movement of the arms, helping with fatigue and stopping the sleeve from migrating up the arm

X-Tech stretch body panels reduce tension across the back, torso, waist, hips and thighs

Stretch panels offer improved ventilation in key areas of the body

Stylish outside pockets lay flat to eliminate bunching and require less material

Embroidered trim adds style without adding unwanted weight

## LIGHTWEIGHT AND NON-RATED FULLY SUBLIMATED CUSTOM SUIT

### IDEAL FOR KARTING OR PHOTOGRAPHY

Simpson's Non-FR Suits offer the professional look you want both on and off the track. By sublimating directly onto the fabric, we can offer a lightweight suit with endless color and design options. Sublimation reduces your cost by eliminating intricate embroidery. It is a vivid color process that will look as good at the end of the season as it did when you removed it from the box. Unlimited sponsor logos and lettering. Suit features: custom fit and tailored measurements, vertical quilt, choice of collar (banded, soft knit, wraparound), zippered breast patch pocket (not available for styles C/D/F/I/K/L), epaulets, name embroidery (standard type face on belt: Script), inset front pockets, and colored rib cuffs (Red, White, Blue, Black). Customer to supply vector artwork.

## NEW SIX 0 RACING SUIT

Celebrating our 60 years in the racing firesuit business, we proudly introduce the Six 0 premium racing suit, our newest lightweight two-layer SFI-5 suit that offers flexibility and functionality all in one! An attractive contemporary trim design sets this suit apart from the ordinary.

The Satin outer layer has a slight sheen combined with a soft knit inner layer. The Six 0 offers excellent breathability without sacrificing fire protection. Well-placed stretch panels move with the racer both in and out of the car, offering superior memory for a great fit.

### FEATURES

- SFI.5 Rated
- Satin knit fabric with stylish non-contrasting V-quilting
- Adjustable ultra-soft knit collar and half-belt for a streamlined fit
- X-Tech body stretch panels in the side, back, thighs and knees that offer improved ventilation
- Straight leg cuffs
- 360° full arm gusset allowing full floating sleeves and unrestricted movement
- Four colorway options

Become One Step Ahead of Your Competition With Today's Most Advanced Racing Suit customized in your team and sponsor colors and logos. See page 56 for custom DNA.

Our Popular DNA suit combines industry-changing innovations and advanced design in a suit that offers almost no restrictions to movement, unbeatable breathability and incredibly lightweight fabric. This game-changing suit is constructed to meet the needs of our athletes on the track and loaded with features available only at Simpson. The DNA suit combines industry-changing innovations and advanced design in a suit that offers almost no restrictions to movement, unbeatable breathability and incredibly lightweight fabric.

### FEATURES

- SFI.5 approved Titanium Nomex racing suit, Made in the USA
- Integrated cuffs replace traditional sleeve cuffs, minimizing material at your wrist and eliminating bunching in the glove gauntlet area
- X-Tech stretch elbows allow for effortless movement of the arms, helping with fatigue and stopping the sleeve from migrating up the arm
- X-Tech stretch body panels reduce tension across the back, torso, waist, hips and thighs
- Stretch panels offer improved ventilation in key area of the body
- Stylish outside pockets lay flat to eliminate bunching and require less material
- Embroidered trim adds style without adding unwanted weight

### COLORS

Red/White, Blue/White, Black/White

### SUIT FABRIC

## VIXEN II FEMALE RACING SUIT

We love the Vixen II redesign that offers SFI 3.2/5 protection in a comfortable and stylish suit designed to accentuate curves and move with the racer. We began with the finest fabric interior and Shiny Twill outer layer. The Vixen II provides maximum protection from burn situations while at the same time delivering style and attention to detail. The design curves smoothly along the body shape with strategic darts, providing less bulk and a sleek silhouette. The front pockets lay flat and special attention has been given to the bust, waist and hip area, offering a proportion that is both desirable and wearable to our female racers.

## MEMORY FIT UNDERWEAR

Our newest fire retardant memory fit underwear is race tested by NASCAR's pro racers. The unique memory fit fabric stretches both horizontally and vertically with great bounce back and becomes softer with each washing. You may want to order two sets, because this will quickly become your go-to underwear for added race protection.

### FEATURES

- SFI 3.3 Certified
- Made in the USA
- Nomex® blend provides added fire protection
- Anti-microbial treated
- No bulk, unique memory stretch provides built in comfort, while retaining shape
- Contrast stretch stitching for definition

## MOLECULE PERFORMANCE PRODUCTS

Molecule Car Cleaner removes road grime with ease, specifically addressing racing grime. Our detailer is easy to apply and quickly buffs to a glassy shine. Our fabric care products bond to Nomex® fabric to help repel flammable stains. Molecule Wash and Refresh keeps gear cleaner and safer by resisting contaminants that can degrade fabric performance. Protector sheds water, oils, fuels and dirt. Maintains fabric breathability. Fabric sunscreen reduces color fading caused by UV rays. Safe, water-based, patent pending formula. Visit [simpsonperformance.com](http://simpsonperformance.com) for the complete line of Molecule Labs™ products.

**NEW HELMET CARE KIT** includes: Light Duty Cleaner & Polish in one spray, Refresher to keep the inside of helmet clean, Anti-fog to keep the inside of visor clear, Rain Repel on outside of visor, includes microfiber towel

## CUSTOM GLOVE PROGRAM

You can order our Team Style SFI.5 certified glove with your own team logos and colors. See our stylish and functional Team Glove here. Our Team Glove features Nomex™ construction with silicone palm and touchpoints and outside seam construction.

### COLORS

We offer multiple color choices. Contact us for details.

### HOW IT WORKS

#### 1. CHOOSE YOUR COLOR

Choose from the Nomex® constructed Black/White Team Glove. Featuring superior grip with silicone palm and touchpoints. This SFI certified glove is a popular choice for race teams.

GLOVE IS SHOWN IN OPTIONAL CUSTOM COLOR, YELLOW.

#### 2. CHOOSE YOUR LOGO POSITION

Place your logo/art in the 3" by 7" print area. Also choose Position 1 or 2 for the Simpson logo.

Large area for your artwork. Excellent position for camera exposure.

#### 3. CHOOSE YOUR QUANTITY

Cost is based on your total quantity of pairs ordered with a unique print. Pricing is also based on the Simpson logo being on the glove. Removal of the Simpson logo will cost \$225 per pair with no quantity price breaks.

|          |        |            |          |
|----------|--------|------------|----------|
| PAIR(S): | 1 – 6  | PRICE PER: | \$195.00 |
| PAIRS:   | 7 – 12 | PRICE PER: | \$185.00 |
| PAIRS:   | 13 +   | PRICE PER: | \$175.00 |

#### 4. CALL SIMPSON

CALL **1.888.872.7848** to place your order. You will be required to supply your custom, hi-resolution artwork.

## ACCESSORIES

### VO2FX™ 15/20 COMPRESSION SOCKS

Available in fire-retardant and non-FR crew models. Provides increased endurance. Prevents swelling caused by extended sitting or driving. Encourages increased circulation which increases oxygenated blood to muscle tissues, tendons and joints of the lower extremities. Reduces muscle soreness and danger of blood clots. COOLMAX® moisture management fabric keeps feet cool and dry. No in-shoe sliding.

## RATCHET HARNESSES

For when the ride is especially rough and you want to keep those harnesses tightened down. Ratchet Harnesses are available in left side or right side, with Aluminum or Steel adjusters. These harnesses from our Platinum Plus line are manufactured at Simpson's North Carolina facility. In other words, like all Simpson belts, they are made in the USA!

## NEW AVIATION HARNESSES

Shop our range of aviation harnesses at [simpsonflight.com](http://simpsonflight.com)

Simpson Performance Products manufactures 5, 6 and 7-point aviation harnesses for experimental planes, aerobatic planes and historical/military restoration planes. We offer our most popular configurations along with fully customized harnesses stylized to the owner's specifications. Simpson aviation harnesses are made in the USA and backed by Simpson's 60 years of experience and research in motorsports safety.

Studies of serious accidents have shown that the proper use of shoulder harnesses, in addition to the safety belt, can reduce major injuries by 88 percent, and fatalities by 20 percent.

Simpson's own research shows us that the use of a 5, 6 or 7-point harness can have a major impact on occupant safety. After a number of auto racing fatalities in the 90s, Simpson Engineering went to the labs and established a library of proven practices that save lives.

7 POINT SOLUTIONS

6 POINT SOLUTIONS

### SIMPSON RESTRAINT PHILOSOPHY

1. Restraining the pelvis reduces torso and head injury numbers.
2. For optimum restraint, use 5, 6 or 7-point harnesses, no 4-point systems. Use quick-release camlock systems. Do not use retractors.
3. All Simpson restraint systems use Polyester webbing over Nylon for superior performance in stretch and longevity.
4. Apply data for a significantly higher performance rating.

## WE WANT TO HEAR FROM YOU.

Post photos of yourselves in your Simpson gear using [#simpsonracing](#) or [#simpsonhelmets](#), and tell us about your life in racing and why you get behind the wheel with Simpson.

### ORDER TOLL-FREE

Our sales team is ready to take your order or provide any assistance you may require by toll-free phone, mail or fax.

**1-800-654-7223 + FAX: 1-830-625-3269**

### CUSTOM SUITS AND CREW UNIFORMS

If you need assistance or help in ordering custom suits and/or crew uniforms, call our Tech Information and Help Line first. They will explain the different styles of suits, options, sizing, embroidery and anything else you might need to know.

**1-888-872-SUIT (7848) + FAX: 1-310-320-7179**

### TECHNICAL SUPPORT AND HELP LINE

If you have a question about a product or would like to check on an order, please call our toll-free Technical Support line between 8 AM – 5 PM, Monday through Friday, Central Time. Or, use the toll-free **1-888-872-SUIT (7848)** between 8 AM – 5 PM, Monday through Friday, Pacific Time for assistance regarding Custom Suits & Crew Uniforms.

**1-800-654-RACE (7223) or 1-888-872-SUIT (7848)**

*(Custom Suits & Crew Uniforms)*

### RETURNS

Simpson warrants all product materials and workmanship when used according to the manufacturer's instructions. Warranty does not include damage to the product as a result of misuse, abuse of the product, or normal wear and tear. Simpson will provide a replacement part or product at its sole discretion. Purchaser must assume responsibility for the cost of shipping the product to Simpson for service or inspection. Should any product not meet your expectations for fit, workmanship and quality, please call **1-800-654-7223**. If you need to return a custom crew suit or crew uniform, please send to the following address:

**Simpson Performance Products**  
1407 West 240th Street, Harbor City, CA 90710

**NO REFUNDS ON MADE-TO-ORDER SUITS.**

### PRODUCT SERVICES AND RETURNS

If for any reason you would like to return a product you purchased or have a product you need serviced or inspected, ship it to Simpson via insured Parcel Post or UPS within 30 days. Please return new products in original condition, in the same boxes with a copy of the invoice to the following address:

**Simpson Performance Products**  
328 FM 306, New Braunfels, TX 78130
