Experiments in which test pieces of GRILON (Nylon 6-6) 1mm thick were exposed to the chemical tested for a period of 10 months at ambient temperature. No, or negligible, changes in mass and dimensions were noted. GP Nucleated / A29CM Properties:

Melting Point	532°
Water Absorption	24 Hr. Immersion 79°F/23°C = 9
Flammability	UL94 / thickness Rating v-2 / 0.31 79
Heat Deflection	At 66psi Test Method ASTM D648 (1°F = 362)
Max. Usage temp	Test Method EMS 302 (in Air-Long Term)
Tensile Strength	ASTM D638-10 psi (MPa)
Electrical Comparative Tracking	ASTM D3538 600-volts
Volume Resistivity	DIN 53482 / ohm-cm = 10

Additional Technical data will be made available upon request.

Limited Warranty: Made For You Products, LLC warrants to the original consumer purchaser of any product it manufactures, that the product will be free of defects in material or workmanship. All Nylon products, such as T-Clamps and Smootheries, are unconditionally guaranteed and will be replaced if found defective. All other products have a 30 day warranty from date of purchase. Neither manufacturer nor seller shall be liable for any injury, loss, damage, or inconvenience arising directly or indirectly from the installation or use of these products or the inability to use same. It is the purchaser's responsibility to determine the suitability of the product for the intended installation, use, or application, and the purchaser assumes all risks and liabilities whatsoever in connection therewith. See our price sheet for ordering prices and procedures.

"I have tried other products and they don't last or they get damaged. I have had my Made for You products on for almost 25 years and they still look great" - Paul Myers

"I have been buying parts for my hot rod from Made For You products for years. I like to call. Their staff is full of great ideas and I get exceptional service" - Eddie Wixle

Family owned and operated since 1985. The industry leader of high heat resistant, light weight fastener systems for all applications

If you were wondering who we are.....

All the folks at Made For You share a commitment to provide exceptional products for the automotive, marine and aerospace and enthusiast, professional builder and racer...in other words...YOU!

We're represented by a network of retail and e-commerce distributors on both domestic and international levels.

Every step of the process, from idea to part to completed assembly, through shipping, is maintained at the highest standard, insuring consistent quality in both clerical and manufacturing procedures.

Each member of our corporate family is community involved, family oriented, and takes personal responsibility for the environment.

We are firmly rooted in individual religious commitments and proud of personal and group accomplishments.

We are over 30 years strong and look forward to another 30 years of providing you with exceptional products you demand and deserve.

We enjoy producing products that will not only work superbly for the application, make you look good and will always be part of the solution.

CONTENTS: WHO WE ARE & WHAT WE DO

## T-Clamp®, Chazis® Clamp, Smoothie, Spin-N-Snap

Precision molded from 6-6 Dupont Zytel nylon, with an UNCONDITIONAL guarantee (under normal operating conditions)

- Will not melt, fade, stain, corrode, or discolor.
- Will not crack or break from heat or cold.
- Unaffected by any automobile fluids, including brake, fuel, coolant, or solvents.
- Non-conductive.
- **Separate, organize, and support all types of hose, tubing, and wire.**
- **Economical, lightweight alternatives to expensive aluminum and metal products.**

Engineered to "pre-load", working as their own lock washer, our T-Clamps hold tubing, hoses, and wire away from the application, thereby eliminating vibration and paint chaffing. 10/32 or 1/4-20 stainless steel mounting hardware included for a professional finish.

Please add 2-digit color code to part number when ordering.

Example # 10-188-13 for Purple T-Clamp

### T-Clamp® Kits to Complete an Entire Car

All of our clamp kits contain 10/32 stainless steel mounting hardware for a professional finish. A durable plastic storage case is provided for easy access and organization.

#### All Plumb® T-Clamp Kit

Contains everything you need to achieve a professional chassis and under hood look. Will complete one car, clamping every 18". This complete selection of T-Clamps makes it easy to mount and route fuel, brake and transmission lines, electrical wiring, battery cables, vacuum lines and hoses.

Part # 30-899 (Available in 6 colors)

Size	Qty	Size	Qty	Size	Qty
3/16"	14	1/2"	5	5/16"-5/16"	4
1/4"	12	5/8"	6	5/16"-3/8"	4
5/16"	12	3/16"-3/16"	4	3/8"-3/8"	4
3/8"	10	3/16"-3/8"	4		

#### Brake Line Kit

If you only need to fasten a few lines, our mini-kit is just the ticket. The kit will run a full 3/16"-1/4" combination system. Will run entire brake system based on clamping every 18".

Part # 30-89011 (Available in black only)

Size	Qty	Size	Qty	Size	Qty
3/16"	10	3/16"-3/16"	5	1/4"-3/16"	5
1/4"	10	1/4"-1/4"	5		

#### Auto Wiring Kit

For rewiring or upgrading, this kit is for you. Separate and organize for easy tracking of your wiring.

Part # 30-895 (Available in 6 colors)

Size	Qty	Size	Qty	Size	Qty

1/4"	6	1/2"	4	11/16" (#8)	4
3/8"	6				

#### Racer Clamp Kit

Designed for the requirements of professional racing and hi-performance applications, where strength and light weight are critical. Each kit contains larger sized T-Clamps (from 7/16" to 15/16") for mounting braided pressure lines, hoses, and cables. Available in black only.

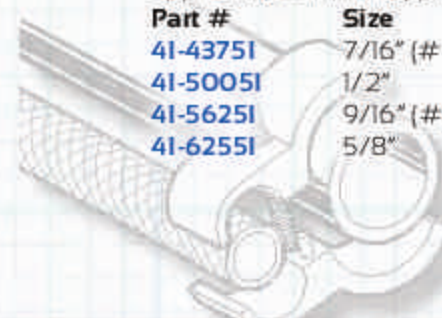

Part # 30-89611 (Available in black only)

Size	Qty	Size	Qty	Size	Qty
7/16" (#4)	4	13/16" (#10)	5	13/16"-13/16"	3
9/16" (#6)	5	9/16"-9/16"	3	15/16"-15/16"	2
11/16" (#8)	5	11/16"-11/16"	3		

#### Screwless Chazis® Clamps

Easily surrounds 1-5/8" tubular chassis applications. Locking pegs will not come apart. Allows for full removal while still on line. Prevents line crimping and chaffing from pulling common tie wraps too tight. Air flows completely around line, aiding in cooling of fluids. Full range of sizes to accommodate most applications. NHRA approved. 3 Clamps per package with connectors. Available in black only.

Part #	Size	Part #	Size

WHEN IT MATTERS® make it.....Made4YouProducts.com

## Add or Remove Wire Without Tools!

Excellent for Racing Applications

This unique design allows a quick and easy method of routing any type of wires or cables anywhere. 7-8 mm wire

Just spin the inner ring to align with opening, place the cable inside, then spin to next opening. When all desired wires are in the unit, spin to 'closed' position. Now your wires are secured.

**Part # 55-190** (w/o brackets) 2 2-Place, 2 3-Place and 2 4-Place (no hardware)

3 Easy Steps

## Butn-Snap® Wire Loom Kits

No hardware!

Self-locking pegs snap into place, securing both sides of the separator together.

Kit contains two, 2-place, 3-place, and 4-place separators.

**Part # 50-056** 7-8 mm wire only

### 4-Place Box Cluster

Perfect where space is limited. Places the wires two over two. Can be used with Smoothie brackets (see P/N 50-556 Stac-Pak) or added as an extra wire support to any kit. 4 units per pack. Stainless screws included.

**Part # 50-456** 7-8 mm wire only

WANT YOUR NAME HERE?  
JUST CALL

## HITCH-Lite®

Dress up your receiver and add the EXTRA SAFETY OF A THIRD BRAKE Light! The patented HITCH-Lite slips into your receiver and snaps securely into place. Fully-self contained, the HITCH-Lite easily installs without the use of any tools. The flat molded connector plugs into your existing trailer hookup. Made of tough ABS to look great through years of use. Optically advanced lens design for maximum brightness with low current consumption. DOT approved.

\*30 day limited guarantee

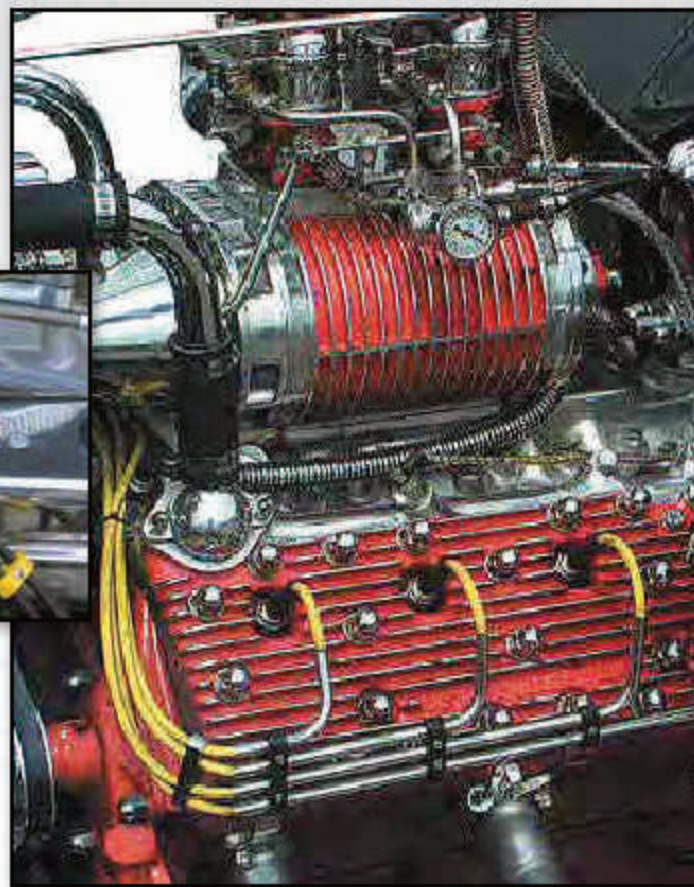

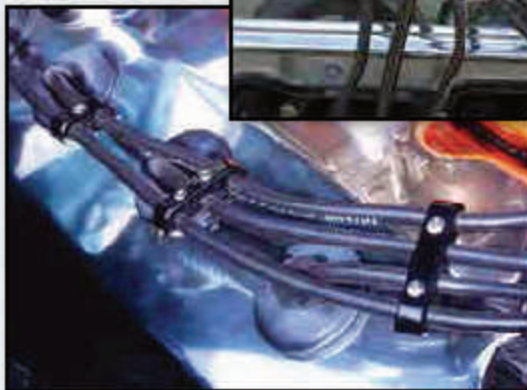

**Part # 70-85431**

## Universal Separator Kits (Domestic)

Similar to the Butn-Snap Separators, but utilize stainless steel hardware to attach components together. Simple to install, works with virtually any engine. Contains two, 2-place, 3-place, and 4-place separators.

7/8 mm wire:  
**Part # 50-156**

10.5 mm wire:  
**Part # 50-110**

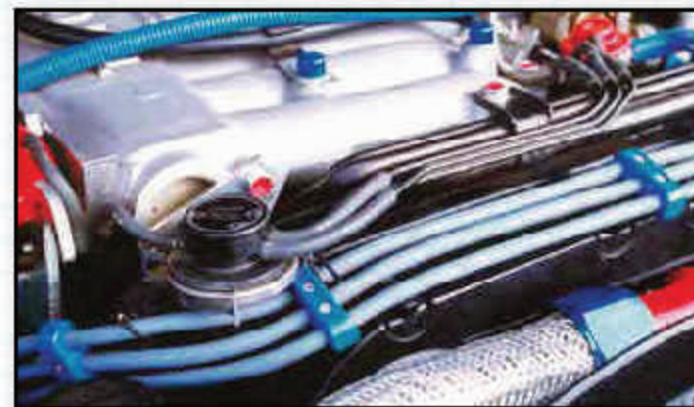

Use T-Clamps® and Smoothie® Wire Loom Kits to secure your: nitrous lines, spark plug wires, HD amp & speaker cables. Almost anything that can be securely held in place.

## Universal Sport Compact Wire Loom Kit

4 & 6 cylinder sport compacts, SUV's, and custom applications. Kit contains three, 2-place separators, one 3-place, and two, 4-place separators to loom the wires all the way to the distributor.

**Part # 50-256** 7-8 mm wire

**Part # 50-210** 10.5 mm wire

## V-6 Kits

for Sport Compacts, SUV's, & Mini-Trucks. A special kit for V-6 engines including the Buick "Grand National" cars. Similar to our Horizontal Wire Loom Kit. Each kit contains two horizontal brackets, two, 2-place and four, 3-place wire separators.

**Part # 50-656** 7-8 mm wire

To Order Call: 760-868-6962

WHEN IT MATTERS® make it.....Made4YouProducts.com

### Why buy from us? Because.....

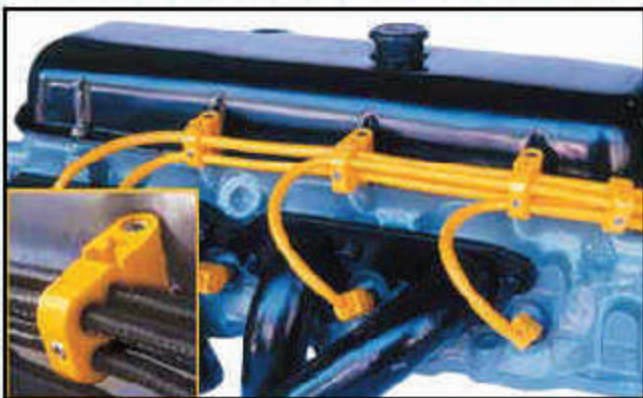

- 1. More Choice** - Largest variety in the industry  
Kits to fit almost any application, in 7-8 mm, and 10.5 mm sizes.  
Six classic colors to coordinate with your paint and T-Clamps®
- 2. Unsurpassed Quality**  
Precision molded 6-6 Zytel Nylon will not melt, fade, distort, stain, or DISCOLOR. (under normal use.)  
Not affected by automotive brake fluid, antifreeze coolant, fuel, solvents, heat or cold.  
Stainless steel hardware included where applicable.
- 3. More affordable** - You won't have to replace due to part failure.  
We give you an **unconditional** lifetime warranty.

Separate, organize, and support your ignition wires, while protecting them from heat and vibration.

- Non-conductive. Eliminates crossfire, increasing performance.
- \*not all kits available in 10.5 mm-see individual product description

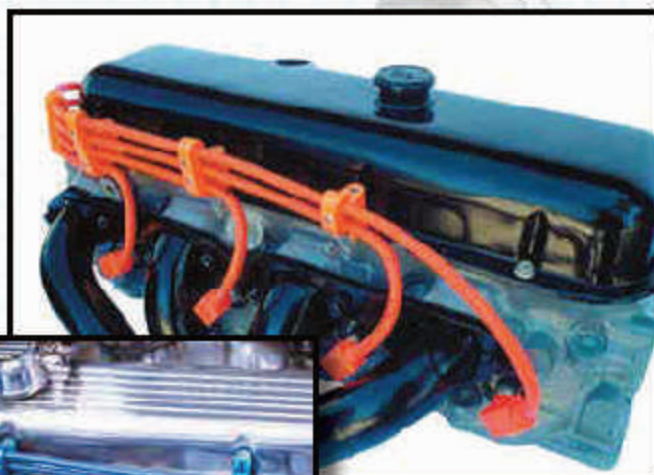

Please add 2-digit color code to part number when ordering. Example **#50-556-13** for **RED** Stac-Pak®

### Smoothie® Separator Kits for Most V-8's Stac-Pak® Wire Loom Kit

Designed for tight clearances and for vehicles running magnetos or HEI systems. The double stack designed separators maintain two-over-two ignition wires from the magneto or distributor all the way to the valve cover. Vertical mount brackets support wires out of high heat areas. Contains six brackets, eight 4-place and two 2-place box cluster separators. Fits most Ford, GM, and Dodge V-8's

**Part # 50-556** 7-8 mm wire

### Vertical Wire Loom Kits

Our most popular style for mounting on valve covers, allowing the separators to be positioned vertically instead of horizontally. Adjustable to allow wires to be loomed out of high heat areas, thereby making the application last longer. Contains 6 brackets, and two, 2-place, 3-place, and four 4-place separators to loom to distributor. Fits most Ford, GM, and Dodge V-8's

**Part # 50-756** 7-8 mm wire

**Part # 50-710** 10.5 mm wire

### Horizontal Wire Loom Kits

Lays the wires out parallel to the valve cover. Contains 6 brackets and two, 2-place, 3-place, and four 4-place separators to allow looming all the way to the distributor. Fits most Ford, GM, and Dodge V-8's

**Part #50-956** 7-8 mm wire

**Part #50-910** 10.5 mm wire

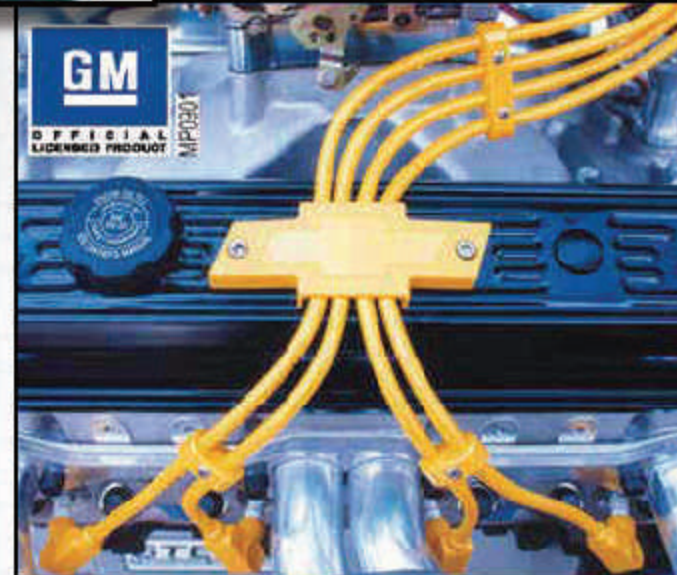

### Smoothie® Kits for Center Bolt Valve Covers

#### Bowtie® Wire Loom Kit

Designed for the true Chevy enthusiast! Licensed by General Motors, our kit provides a unique option for supporting and protecting spark plug wires on center bolt applications. Each kit contains two of the Bowtie shaped separators, four 2-place separators, and two 4-place separators to loom the wires back to the distributor. Mounts easily to existing valve cover holes with extra long (4") stainless steel bolts provided in the kit. Looks great on stock or aftermarket valve covers.

**Part # 60-730** 7-8 mm wire

#### Top Mount Wire Loom Kit

Similar to our #50-956 Horizontal Wire Loom Kit, but with longer bolts. Gives a neat, professional, custom look while keeping wires out of the high heat areas. Complements your chrome or billet accessories.

**Part # 50-356** 7-8 mm wire

**Part # 50-310** 10.5 mm wire

#### Side Mount Aluminum Bracket Kit

If you're running engraved valve covers and don't want to hide them, or just want to be able to remove the covers without touching the spark plug wires, this application is perfect. Use existing hole(s) in the side of the heads, to mount aluminum brackets. Four brackets per package. Includes hardware.

**Part # 50-82494**

(Use with P/N 50-756 sold separately.)

14 colors to choose from  
Part# 70-980-XX

# TUBE GAUGE

## Hose & Tube Gauge

No more second-guessing which size clamp to purchase! Easily and accurately measure the outside diameter of all your tubing, hose, and wire so you can pick the right T-Clamp for a perfect fit every time. Molded from tough ABS, the Hose and Tube Gauge should be in every toolbox.

Part # 80-11492

## Tool Maid® Engine Tool Tray

Have you ever wondered which wire went where? Which cylinder was running lean or rich? Dropped a nut down the carburetor?

Forgot where you laid that tool you just had?

If you answer "yes" to any of these questions, you need the patented Tool Maid® engine tool tray. This handy, lightweight 12" x 14" tray mounts directly on 4-barrel carburetors using the stock stud and nut. Large, angled compartments keep tools and small parts within easy reach. The side panels conveniently hold plugs and wires out of the way and keeps them in order. Tray is constructed of gas and oil resistant polypropylene.

Part # 80-13456 (Available in grey only)

# BOULTCIRCLE

## Wheel Bolt Circle Template

Quickly check the lug bolt pattern for almost any wheel. A must when fitting custom wheels. Saves time and money. Made of tough ABS to assure accuracy for years. Easy to read numbers.

P/N 80-21392

Red 5 lug SAE: 4-1/2", 4-3/4", 5", and 5-1/2"

P/N 80-21492
