

# VICTORY --- JUNCTION

EVERY CHILD DESERVES TO JUST BE A KID

## Making the impossible accessible

Victory Junction is a year-round camp facility for children with complex medical conditions that provides transformative experiences in a medically-safe environment at no cost to families.

Kids can participate in activities at Victory Junction, free of barriers they may face in their daily lives. We design our fully accessible and adaptive programs to provide endless possibilities for our campers.

## Our care

Victory Junction programs can accommodate hundreds of medical diagnoses and are available to children ages 6 to 16. Our campers have come from all 50 states and 4 other countries. The Victory Junction experience is a welcome break for kids who spend a lot of time receiving medical treatments or making countless hospital visits. Since opening our gates in 2004, we have provided more than 115,000 experiences through on-site and off-site programs.

# Our **PROGRAMS**

## **Summer Camp**

Summers at Victory Junction are flat out fun! Kids have the chance to enjoy a week filled with adventure and new friends. Each summer session can accommodate up to 128 campers.

## **Family Weekends**

Medical conditions can impact the entire family, so our weekend sessions focus on bringing everyone together for camp adventures. Each weekend session can accommodate up to 32 families.

## **Partnership Programs**

Victory Junction partners with other groups and organizations to host day programs, family weekends, and other events on-site.

## **REACH**

When kids can't leave the hospital, we bring the magic of Camp to them. REACH works with hospitals and other community partners to provide specialized programs that enhance patient care.

## **Vic's Riders**

Campers (and non-campers) with cognitive, physical, emotional, and behavioral disabilities can experience the empowering and healing benefits of equine-assisted activities, guided by our PATH certified instructors.
