Track inspired performance + road ready comfort = Pedders SportsRyder

Pedders has a complete range of shock absorbers, coil springs, sway bars, control arms and links, bushes, camber plates and all-inclusive Adjustable Coilover Kits for S550 model Mustangs, including those with the MagneRide option fitted.

If you're looking for that great lowered look on your Mustang with high levels of both performance and comfort you can't go past Pedders SportsRyder suspension.

Our lowered coil springs feature an increased spring rate for sharper handling and a sporty drive. Built to ISO 9001 standards with a tolerance of only +/-2mm at loaded height, they are simply unrivalled in terms of handling, vehicle appearance and performance.

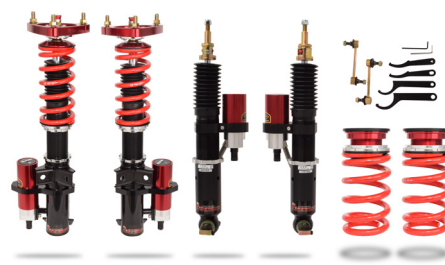

Our SportsRyder range of shock absorbers are designed to perfectly work in conjunction with our coil springs and feature finely-tuned shock valving for precision handling and ride control.

For those drivers seeking the ultimate in performance and tuning potential for their vehicle, look no further than Pedders SportsRyder eXtreme XA Adjustable Coilover Kit. Featuring adjustable ride height and 30 position settings for compression and rebound damping, the SportsRyder eXtreme XA Adjustable Coilovers let you switch from a track handling setup to road ready comfort with just a few clicks – the ultimate in versatility and performance!

Whatever your driving style or performance requirements, Pedders has a solution for your vehicle.
