Precision Garage Tools and Products for High-Performance Race Teams and Pit Crews

Rubbermaid® Commercial 24" Maximizer Push Broom

Item# 2186280

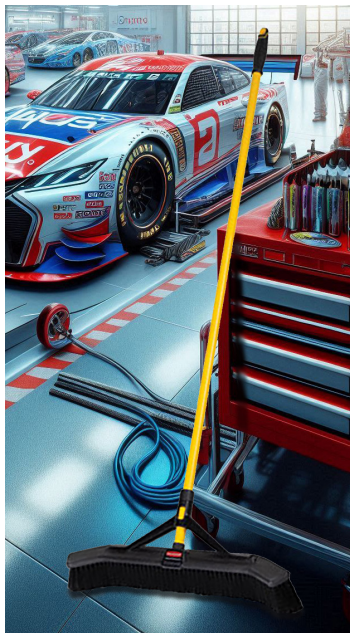

- | | |
|--------------------------|----------------------|
| • Color | Black |
| • Bristle Material | Polypropylene |
| • Handle Material | Aluminum |
| • Bristle Type | Unflagged Bristle |
| • Special Feature | Lightweight |
| • Surface Recommendation | Hard Floor |
| • Product Dimensions | 24.25"W x 63.75"H |
| • Model Name | Maximizer |
| • Material Feature | Durable, Lightweight |

Polypropylene foam block resists cracking, splitting warping and rotting

Durable polypropylene bristles can be used on smooth and rough surfaces, effectively sweeping different debris types

Lightweight steel handle holds up to repeated use and molded comfort handle reduces strain

Angled sides capture more debris vs. standard push brooms

clean sweep

Clean Sweep Sanded Grit Oil Based Sweeping Compound

Item# S2150

Sanded grit oil base sweeping compound is effective for collecting and keeping the dust and dirt down while sweeping in work areas. We add pine oil deodorizers that leaves your floor fresh and clean.

Ideal for concrete race garage floors.
Manufactured with sawdust, certified oils, and fine grade sand.

Our floor sweeping compounds attract and absorb dust and dirt to prevent clouds of dust while sweeping. Gritted sweeping compounds act as an abrasive, helping to loosen grime and dirt stuck to floors.

Popular regular formula features sanded grit with an oil base. Effective as an abrasive for loosening grime and dirt on garage floors. Suitable for unfinished wood or concrete surfaces

Green Certified H2Orange2 Classic Hyper Concentrate Multi-Purpose Cleaner

Our Superpower = Simplicity + Sustainability + Cleaning Power

One Product

Two Dilutions

95% of General Garage Cleaning

Hydrogen peroxide and orange oil combine for 95% of your cleaning needs, in EPA-registered and Green Certified options.

Our unique hydrogen peroxide technology in a multi-purpose, neutral pH cleaner with cold-pressed Orange Oil. Excellent deodorizer, glass cleaner, tile renovator and more!

Eliminates odor causing bacteria. Penetrates surfaces, oxidizes and eliminates source of odor. Cuts grease with neutral pH. Use on any water-safe surface. Grease-free, residue-free results.

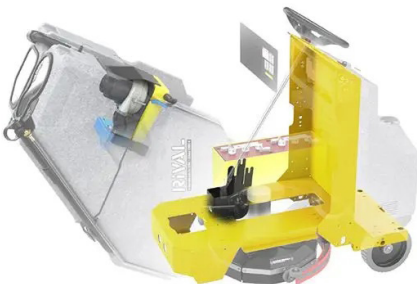

RIVAL Stand-On Floor Machine

- Run Time Up To 4 Hours
- Tank Capacity Sol: 17 gal | 18 gal
- Cleaning Path 20"

The Rival is Tomcat's first Stand-On chassis, delivering unmatched maneuverability, comfort, and productivity in spaces where traditional Walk-Behind or Rider models fall short. With this new Stand-On design operators have quick step-on/step-off transitions, ideal for high-traffic or cluttered garages while reducing operator fatigue with a soft foot pad and adjustable hip support. The full steel frame makes the Rival as solid and tough as it is nimble. Equipped with optional Zero3 Aqueous Ozone System, large tank capacities, and intuitive controls, the Rival combines eco-friendly cleaning with exceptional performance and durability the competition can't touch.

Top Side Serviceable

Easily maintain and manage your scrubber with top side service access. Allowing operators and technicians convenient maintenance.

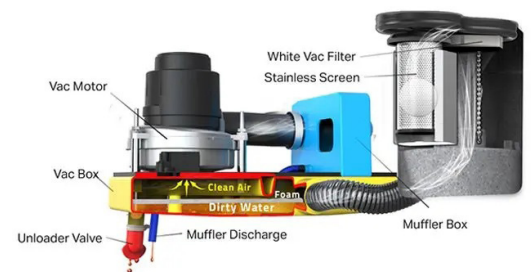

Access to both tank tips, batteries, actuator, charger, vac motor, and electrical access.

Operator View

Clear view of the recovery tank from the operator's position, allowing for easy monitoring of foam or dirty water levels.

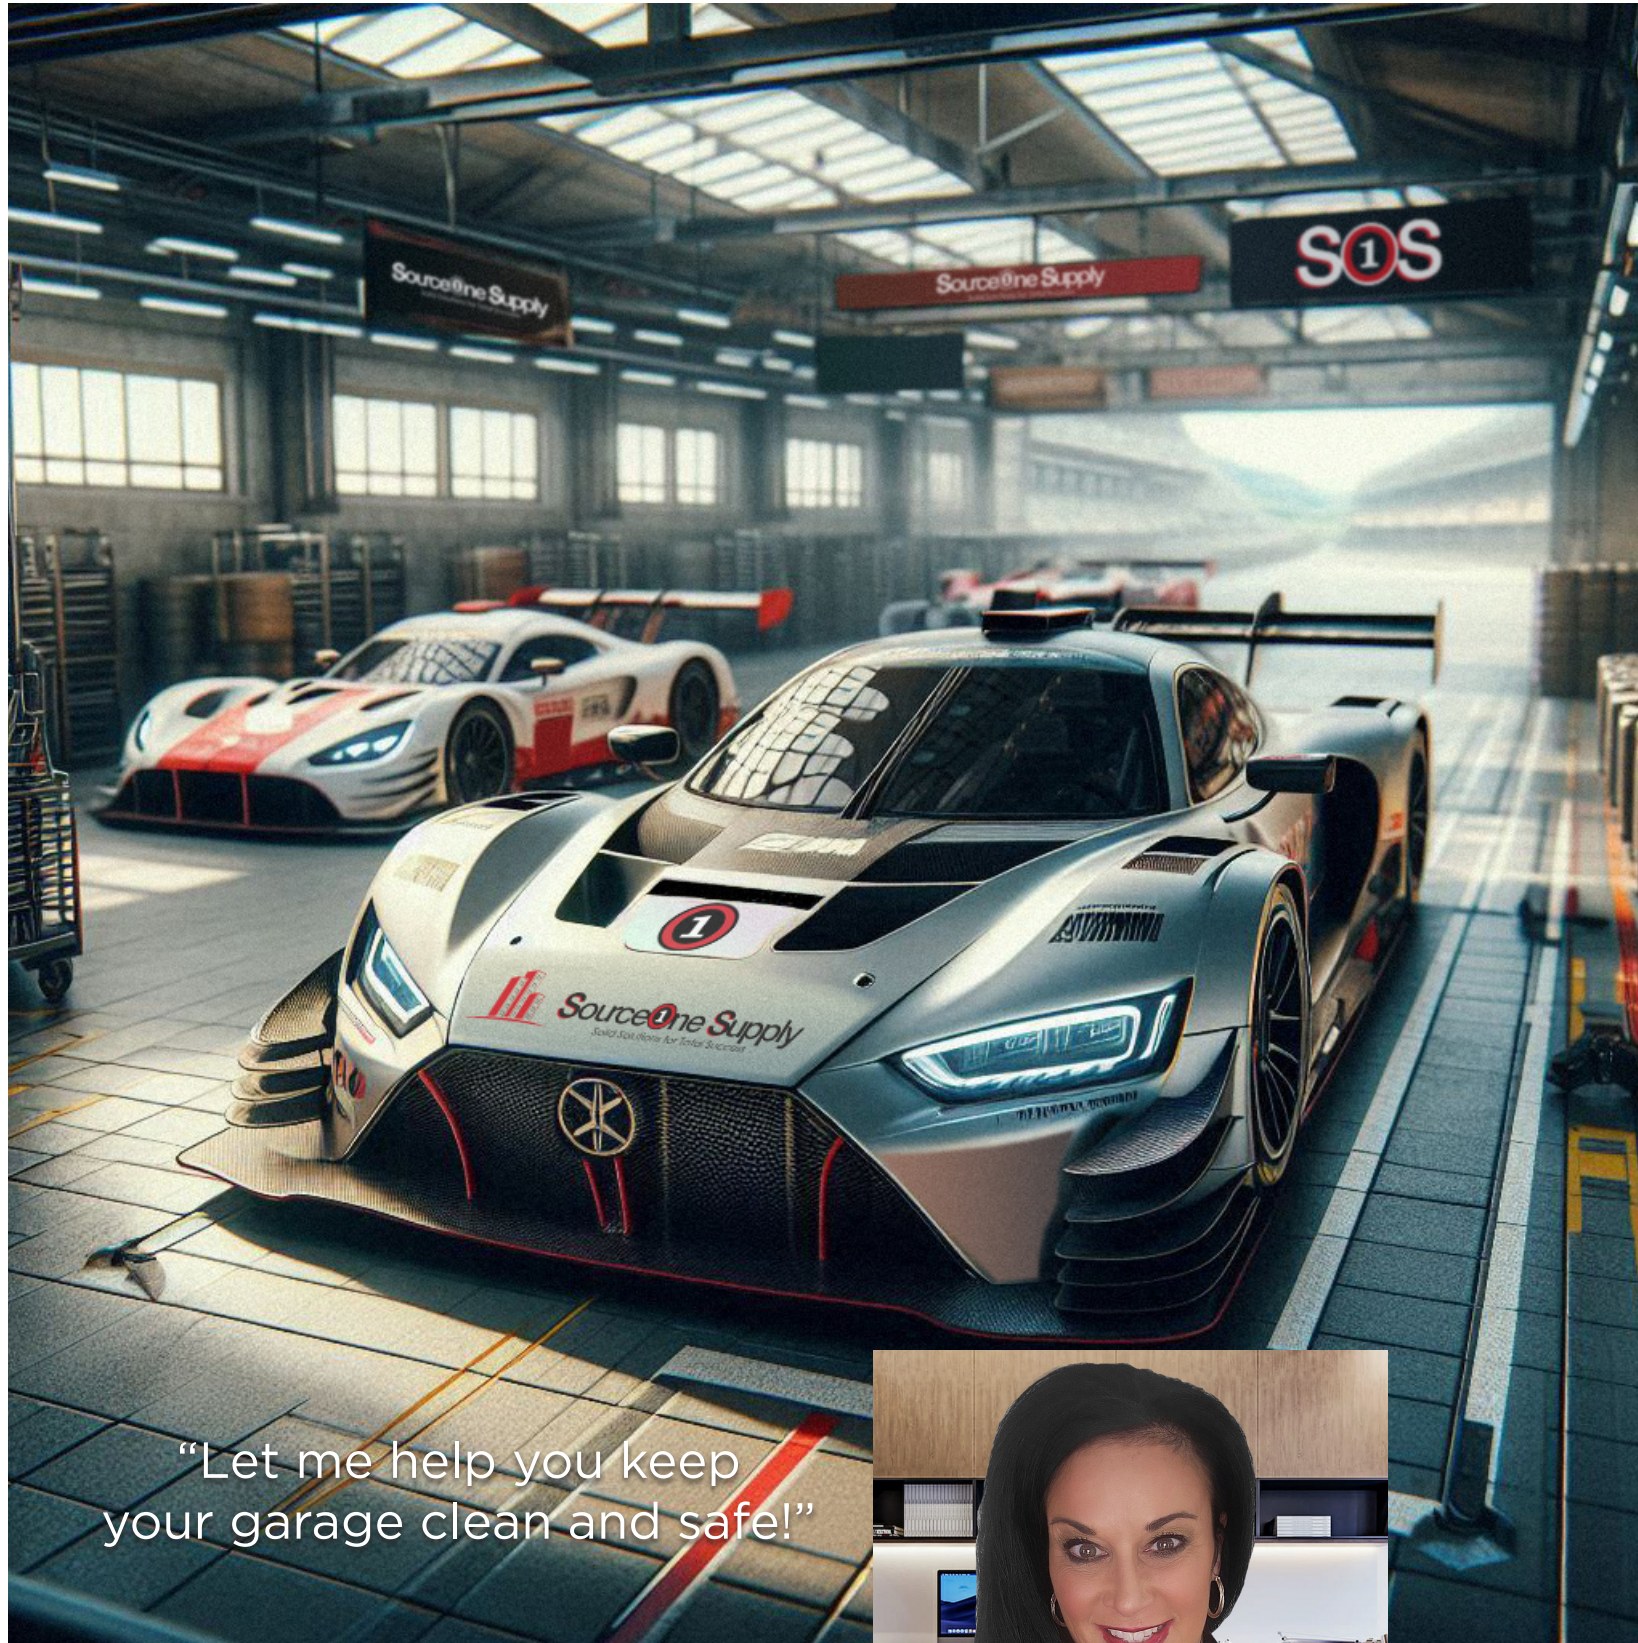

Prevents costly repairs by alert the operator to any potential issues, before they become an issue.

Patented Vac Box System

Earning a US patent, the yellow vac box is vacuumized and safely stores foam or dirty water away from the vac motors intake.

Dirty water drains out of the Yellow Vac Box through the Unloader Valve as soon vacuum is turned off.

“Let me help you keep
your garage clean and safe!”
